Student Placement for 2024-2025

Each spring there is considerable discussion about placing children in classes for the next school year. We want to assure you that each child's needs are taken into consideration and much effort is given to class placement. This is a matter we do not take lightly at BHES, and we spend countless hours forming well-balanced classes in which all children will have an opportunity to learn and to grow in their academic and social skills.

When classes are structured, we follow a clear set of guidelines: an even boy/ girl balance, a full range of aptitudes within each classroom, an even proportion of abilities and learning styles across the classrooms at each grade level, and an equal number of students in each classroom. While we value your input, we do not accept teacher requests.

Thank you for your trust and understanding.
