 - inform you of your school's participation in Title I,
 - explain the requirements of Title I, and
 - explain your rights as parents and family members to be involved.

- What are my rights?
- What can Title I funds be used for?
- How does our school use Title I funds?
- What is the SIP?
- What are our schoolwide program goals?

What is a Title I school?

- Title I was passed in 1965 under the Elementary and Secondary Education Act (ESEA). It is the largest federal assistance program for our nation's schools.
- Title I schools receive extra funding (Title I dollars) from the federal government. These dollars are used to:
 - identify students experiencing academic difficulties and provide assistance to help these students;
 - purchase additional staff, programs, materials, and/or supplies; and
 - conduct parent and family engagement meetings, trainings, events, and/or activities.

What are my rights?

- The families and parents of Title I students have a right, by law, to:
 - be involved in decisions made at both the school and district level;
 - be provided with information on your child's level of achievement on tests in reading/language arts, writing, mathematics, and science;
 - request and receive information on the qualifications of your child's teacher and paraprofessionals who are working with your child by contacting Mrs. Angie Wills, Elementary Supervisor, (awills@jocoed.net / 727-2640) and
 - request opportunities for regular meetings to formulate suggestions and to participate, as appropriate, in decisions about the education of your child. The school is required to respond to any such suggestions as soon as practicably possible.

What can Title I funds be used for?

- In general, Title I funds may be used for:
 - smaller class sizes,
 - additional teachers and paraprofessionals,
 - additional training for school staff,
 - extra time for instruction (before and/or after school programs),
 - parent and family engagement activities, and/or
 - a variety of supplemental teaching materials, equipment, and technology.

How does our school use Title I funds?

 - a needs assessment and summary of academic and non-academic data;
 - prioritized goals, strategies, and action steps to help address the academic and non-academic needs of students;
 - teacher and staff professional development needs; and
 - budgets and the coordination of resources.
- The school must include family representatives on our school planning team.

- By spring 2024, we will improve student math scores in grades K-6. We will support math improvements across all grade bands and sub-groups.
- By spring of 2024, we will decrease the Chronic Absenteeism rate for LES.

What is parent and family engagement?

- Family engagement is a **shared responsibility** in which schools and other community agencies and organizations are committed to reaching out to engage families in meaningful ways and in which families are committed to actively supporting their children's learning and development.
- Family engagement is **continuous** across a child's life and entails enduring commitment but changing family roles as children mature into young adulthood.
- Effective family engagement cuts across and reinforces learning in the **multiple settings** where children learn – at home, in pre-kindergarten programs, in school, in after-school programs, in faith-based institutions, and in the community.

What is parent and family engagement?

- “Through effective communication with parents, teachers can have the greatest impact on their day-to-day success with students. With parents on their side, teachers can more effectively manage most academic and behavioral issues that arise. When the most important adults in a child’s life are working together, students benefit enormously.”
