

EMERGENCY USE OF EQUIPMENT AND FACILITIES

It is the policy of the board of directors to assist all appropriate agencies in the relief of human need resulting from natural disasters or emergencies. Where possible, board procedures should be followed in order to assure the most effective use of equipment and facilities. At no time, however, should such procedures interfere with the immediate availability of equipment and facilities in emergency situations.

Initially Adopted: July 10, 1980
Adopted: April 12, 2010
