In the event of snow in the forecast, the organization will need to be in contact with the designated Community Education staff to work out a plan for snow removal times. 3. **Optional Staffing Fees:** As noted above, Community Education will determine the need for additional staffing (for example, custodians, PAC supervisors, cooks, lifeguards, pressbox operator, security etc.) Estimated staffing charges will be identified in the application and applied to the invoice. Actual staffing costs are known after the event has occurred. The Organization will be billed for any additional staffing costs or credited/refunded the difference if less than the estimated cost.

Category user organizations will receive a quote once a facility application has been approved. Quotes will be provided as changes or additions to the facility request are made. Organizations will be billed for all actual staff costs associated with the scheduled reservation at the completion of the facility request.

VIII. SCHEDULING TIMELINE FOR FACILITY RESERVATIONS

WM programs have priority for facility use at all times. Occasionally, non-school scheduled activities may conflict with events planned by a WM program (School or Community Ed). WM will make every effort to find an alternate facility for the non-district group.

Facility requests for Category 2 users need to have their completed contract application submitted to the Community Education Director by the identified deadline date. Facility Use Contract Applications submitted after will be approved based on availability. Facility Use Contract applicants will be notified by email to confirm their requests have been received for the following school year. Applicants will be notified of their placements. If the Facility Use Contract applicants have a grievance with space that is granted, they can request a meeting with the Community Education Director, and other groups to discuss trading spaces.

Category 3 & 4 renters will be granted space for gym and field usage on a first come first served basis. Previous year PAC renters will be given first priority on booking specific dates based on prior year rentals for the upcoming year pending availability. No facilities will be "held" without payment of deposit and receipt of Certificate of Liability.

Damage Deposits

A damage deposit of \$250 will be required of Category 2, 3, and 4 groups using the PAC. An additional \$250 deposit *may* be required if technical equipment or musical instruments are used. A separate check should be submitted for the deposit(s). The deposit check will be held until after the final performance. If damage to the facility, equipment, or instruments exceeds the deposit, the user group will be billed for the balance of the cost. If damage is less than \$250, the group will be refunded the remaining deposit.

Cancellations

The WM facility Community Ed. staff must be **notified in writing** of the group's intent to cancel at least five (5) business days prior to the scheduled use date. *In the event of a cancellation, the total amount paid, LESS a cancellation fee of 20%, will be refunded. If less than five (5) business days notice is given of cancellation, facility rental fees and/or staff fees may not be refunded.*

PAC Rental deposits are non-refundable. If the event is canceled due to weather every effort needs to be made to reschedule. If the event is unable to be rescheduled, a refund will be given minus an administrative fee.

The school district understands Category 2 users are not able to fiscally rent facilities by the standard hourly rate. In order to support local non-profit community groups, the school district offers Category 2 users the option of a reduced facility rent charge. The annual usage hours will be calculated and depending on the total, the group will be able to make a donation to WM which will help improve the facilities and programs.

A maximum of 70% of the user fee can be applied toward approved capital improvements. If the user group is able to contribute more to defer facility cost, the school district is appreciative.

The school district year is defined as July 1 - June 30.

The school district understands Category 2 users are not able to fiscally rent facilities by the standard hourly rate. In order to support local non-profit community groups, the school district offers Category 2 users the option of a reduced facility rent charge. The annual usage hours will be calculated and depending on the total, the group will be able to make a donation to WM which will help improve the facilities and programs.

A maximum of 70% of the user fee can be applied toward approved capital improvements. If the user group is able to contribute more to defer facility cost, the school district is appreciative. **The school district year is defined as July 1 - June 30.**
