Dear Parents/Guardians,

I am writing to bring to your attention a trend involving senior students. It has been brought to our attention that several senior students are planning to participate in a prank known as "senior assassination."

As part of this trend, seniors intend to carry water guns in their vehicles, backpacks, and other personal belongings. While we understand that pranks are often a part of senior year traditions, it is crucial to remind students and families of the importance of maintaining a safe and respectful educational environment.

According to our school's Student Code of Conduct, possessing any look-alike weapons or engaging in activities that may incite fear or disrupt the educational environment is strictly prohibited. Infractions like this carry serious consequences such as suspension, DAEP, and could affect the ability to participate in other Senior activities. Carrying water guns or similar items on campus can create unnecessary panic and distraction among students and staff.

Therefore, we kindly request your assistance in reminding your child not to bring water guns or other look-alike weapons onto school premises. Such items should be reserved for off-campus settings where they do not pose a risk to the school community.

We appreciate your cooperation in helping us maintain a safe and conducive learning environment for all students. If you have any questions or concerns regarding this issue, please do not hesitate to contact us.

Thank you for your attention to this matter.

Sincerely,  
Karlee Custer  
Principal of Santa Fe High School
