1. OVERVIEW

eSchoolData is pleased to announce version 11.7.0 of the eSD® Student Management System. This release includes many enhancement items as well as minor bug fixes.

For more information, please review this release notice for additional details regarding build highlights, product enhancements, minor enhancements & fixes, and security updates for this version of the eSD® Student Management System.

2. RELEASE HIGHLIGHTS

- Report Card Builder** With this release, users will be able to create customized report cards. Similar to our other report builders, such as the SBRC builder, the users will be able to create a fully custom report card by dragging and dropping the different widgets into the chosen layout options.
- Portal Schedule Options-** With this release, buildings that are utilizing a drop schedule will be able to set the portal options to display the student schedule in the new cascading format.
