50 Years in the Making

Fifty years ago, Bishop Hoch had a vision to create a school where students could have the opportunity to attend a centralized Catholic High School. Many questioned his vision but the Catholic Community supported him. We now look back and thank Bishop Hoch for his vision 50 years ago. We now open the doors to a new Performing Arts Center that will serve our students for another 50 years. Mr. Joe Rutten stated recently, "To those that continue to help, your reward will be found in a renewal of faith life in our young people, and a strengthening of the Catholic community in the future. During the first year of O'Gorman, tuition was \$90 per student and enroll was 550. It was built on a 40 acre alfalfa field on the southwestern edge of the city. On September 7th 1961, O'Gorman opened its 1.5 million dollar Catholic High School. Segregation within classes lasted through the 1960's. The original staff consisted of five priests, 18 nuns, and six lay teachers. The boys were mostly taught by priests and laymen while girls were primarily taught by nuns. The first uniform was dark brown sweaters, white blouses, and brown plaid skirts for the ladies and the boys wore brown cordouary sport coats, white shirts, and ties with slacks. In the 1970's tuition increased to over \$200 per student but work study opportunities became available. School lunch became an option and meals were \$.40 a piece. Uniforms changed a tad as well; boys could choose to wear the brown sport jackets or brown cardigan sweaters. Girls could now wear colored shirts or blouses with their brown skirts and also brown sweaters. Smoking in the bathrooms was also a common pass period time. In the 1980's tuition raised increasingly. It was now \$1,175 per student by 1987. In 1981, the Knights football team took their first state championship title. Fr. Chuck Cimpl was assigned to be the chaplaincy where he lived in the school for many years. He would do anything from helping students to cleaning a different part of the school every night. In the 1990's the uniforms were changed dramatically. Girls were now allowed to wear any brown plaid skirt with a colored solid sweater or a brown or tan skirt with any color top, nylons, socks, and dress shoes. Boys could now wear solid colored white, tan, brown, grey, or black slacks, a shirt with a collar or crewneck sweater, shoes and dress shoes. Girl athletics became more popular demanding more gym space so the Recreation Center was added in 1991. The Minor Seminary became the O'Gorman Junior High School. Together, the High School and Junior High would make the O'Gorman Campus. The new Millenium became some of O'Gorman's greatest years. Receiving many academic awards like Blue Ribbon School, Top 50 High School in the Nation, and named to the Catholic Honor Roll. Instead of a uniform the administration adapted a dress code consisting of khaki pants, colored polo's, socks, and dress shoes for both girls and boys. With a goal of raising 25 million dollars, a new facility was built, along with a 1,000 seat Performing Art Center, and McEaney field got a new bleachers, instant replay, new concessions, and a new bathroom.

"Excellence is Doing Ordinary Things Extraordinarily Well!"

Applied Arts is the application of design and aesthetics to functional objects and everyday use. Whereas fine arts serve as intellectual stimulation to the viewer or academic sensibilities, applied arts incorporate design and creative ideals to objects of utility.

At O'Gorman High School, Applied Arts consists of a variety of classes including: Single Living, Industrial Arts, and Business classes. The teachers for Applied Arts include: Mrs. Jane Bradfield, Mrs. Angie Lynch, and Mr. Rod Garrison. These teachers help students to strive and tackle their goals. Taking the field one kick at a time.

The Lady Knights took this season like any other, with sportsmanship and dedication. With a record of 5-3 during their regular season. The girls made it to the state tournament and won the Consolation Champs, and brought home fifth place. The Knights boys varsity soccer team season did not start out the way they had hoped for 0-4. The team then went on a win streak with two victories. The secret to their success was changing up their game plan and moving players around to the right fit. Anthony Klein said, "It was going very well until I broke my ankle." The boys went to state and they ended up getting eighth place. Cole Gebhart said, "Maybe if you try as hard as we did, you can get eighth place your senior year."

Running is a great way to get rid of some stress. The O'Gorman Cross Country team was a great after school activity. The Cross Country team ran every day after school, and sometimes in the morning before school. Freshman, Ellen Keena, said her favorite part about Cross Country was getting to run with her classmates and upper classman.

The Cross Country coaches, Mr. Strand, and Mr. Lindner, helped the students to take their skills to the next level. The Cross Country team was always close, at State the boys finished ninth and the girls finished 13th. No matter what the scores were, the runners always had a smile on their face. We want to especially congratulate our 2011 Cross Country Letter Winners. Congratulations to the boys, Jonah Beacom, Connor Branick, Ben Fichter, Peter Klein, Keegan Miles, Lukas Pitzl, Chance Freese, Kinard Sproles, Ander Geise, Even Sakry, Ethan Knobloch, and Sam Maxwell. Congratulations to the girls, Ally Beacom, Amy Hagen, Klarissa Kobernusz, Anne Prouse, Bekah Ridder, Lydia Enderson, Madyson Muller, and Alyssa Bornhoft.

freshmen boys basketball

I can accept failure, but I can't accept not trying. -Michael Jordan

The 2011-2012 Freshmen Boys Basketball team consisted of many talented young men. The season was filled with accomplishments due to their devoted teamwork. Basketball practices consisted of technique drills, learning new plays, as well as sprints. They earned 3rd place in the city tournament. They made this accomplishment with the assistance of their great coaches: Coach Blake Bradfield and Coach Mike Neufeld. If the boys continue on this route, they will have a very successful varsity season in the future. "I had a great time playing with a great bunch of guys," says freshmen Reece Mimmack.

He continues, "it was a lot of fun playing with this team and it was a year to remember". Even though the boys did not reach their goal of city champions, they no doubt had the passion and drive of champions. Both A and B teams finished 3rd in the city tournament. Their records were 15-4 and 11-3. The team is looking forward to their next three years together as they approach varsity level.

GIRL'S

BASKETBALL

"It's not how big you are, it's how big you play."

Last year's O'Gorman Sophomore Lady Knights continued to improve their skills. These girls were led by Coach Terry Sadjak. With the help and support of their coaches, the sophomores ended with a 6-5 record. What was really outstanding about the team however, was their ability to work together. Without each other, the team would never have reached the accomplishments it did. Each one of these girls holds great potential to be a part of the future Varsity Lady Knights. Even as sophomores, a majority of these players had the privilege of dressing for the varsity games: some even got playing time! These girls hold a strong future for the Varsity Lady Knights!

The Varsity Lady Knights team continued to make great strides on the basketball court. Starting with open gyms all summer long until practice started in November, these girls gave countless amounts of hours to their team. The dedication and closeness of the team was what arguably led them to their great success. Injured guard, Chandler Nielsen stated "It was a tough year for me at the start, but we worked together, and I could not be prouder of my team". With the support of each other and their outstanding coaching staff, led by Mr. Kent Kolsrud, the Lady Knights earned the title of "District Champs" for the third year in a row! Thus, the Knights made it to the state tournament and got 6th place. They ended with a 15-10 record.

TRACK and

FIELD

Track and field gives the students at O'Gorman an opportunity to show their speed, stamina, and strength through various meets during the track season. The 2012 track team had to put in a lot of extra time, hard work, and serious dedication to pull off the great work that they accomplished. The team had to put in many long hours, including early morning practices and afternoon practices that sometimes turned into late nights. The Knights hosted their 3rd Annual O'Gorman Track and Field event at the Mac this season. The high school was off of school for the day to make room for the 30+ teams from different parts of South Dakota who participated in the meet. When asked about her final year in track, senior Mikaela Schnetter said, "Track this year was a lot of fun because everyone got along really well and tried their hardest at every meet."

STUDENT

COUNCIL

Leading By Example

This past year was filled with hard work and dedication from the Student Council. Faculty member Mr. Doug Basche supervised and lead the group consisting of 10 seniors, 6 juniors, and 3 sophomores to a year that was filled with success. Veronica Frisch and Charlie Solomon contributed leadership as President and Vice President of the Student Council.

From creating homecoming themes to planning the winter formal the group was kept busy with planning and creating a year to remember. Showing you the way...

Student Ambassadors, a hospitality and public relations group, was led by Mrs. Angie Soukup, and Ms. Nancy Grinde. The purpose of Student Ambassadors is to help anyone who is new to campus or visiting. To join this group the members had to go through an application and interview process. There are four essential qualities one must have to be an ambassador. These four things are: an outgoing and enthusiastic personality, a positive attitude, dependability and responsibility. To be an ambassador, one must also have strong communication skills. They served in many activities such as giving tours and helping at All City Mass.

The

Musical Man

Shipooopi....Shipooopi....Shipooopi....

The Musical was directed by Ms. Teresa Fester and was choreographed by Mollie Van Meeteren. The musical chosen was *The Music Man* from Meredith Willson Production. The Musical details the life of a Man, Harold Hill, coming into the River City trying to con people out of their money by saying he is going to form a marching band for their city. Then he meets Marian, who is the librarian and he falls in love with her after their first encounter. The leads of the cast Joseph Bezneck and Veronica Fritsch portrayals of Harold and Marian is what made this play both enjoyable and worth seeing.

Everyone who was involved in the musical added a special touch to the play through their own individual roles. The costumers worked really hard to make sure that all the outfits were fitting of the time period. While talking about his favorite moment of the play, Michael Andreone said, "I liked kissing Veronica Fritsch." A great way to end the year, *The Music Man* was an enjoyable experience for both the viewers as well as everyone who participated the play.

WIND ENSEMBLE

PLAY ON!

The wind section of the O'Gorman Band was outstanding. In October, Hannah Gerdes and Tanner

Groshens were selected for All-State Orchestra. Eighteen out of twenty-four entries received Superior Ratings for their solo and ensemble performances.

Performing at concerts and events, Wind Ensemble gave exceptional presentations all over the state. Lydia Enderson, a sophomore in band, stated, "Band is fun and a great opportunity to meet new people and experience some different things".

athletic training

Becoming a student trainer is not an easy task for students at O'Gorman. Students have to take a summer camp through Orthopedic Institute or take a semester class with Mrs. Rochelle Lauret before being able to become a trainer. Student trainers work one on one with athletes before, during, and after practices or games. Students are qualified to tape ankles, wrists, and blisters. Each trainer must be certified with CPR and First Aid and must be willing to give up a lot of their time to the activity. Their time spent counts as community service oftentimes they are giving up school days and free time to help the teams. Trainers are expected to be at practice every day and at each game, even if they are out of town.

ROCKET CLUB

Exploding with knowledge

Last years rocket team thrived for success after having three straight years to nationals. They spent countless hours designing their rockets and getting them to meet the National Association of Rocketry. The team took four months out of the year to build and get their ideas on the computer before putting it into plan. Next, they dedicated a month to physically build the rockets. The rocket has to be built to fly 800 feet up into the sky to qualify. The rocket team competed on the national level against around 500 teams.

Art Club

Creativity is allowing yourself to make mistakes.
Art is knowing which ones to keep.

-Scott Adams

O'Gorman's Art Club was lead by Mr. Gary Siska and allowed many students to show off their creativity in unique, artsy ways. Some of the activities consisted of painting a snow plow for the city of Sioux Falls, giving other students temporary tattoos during homecoming, painting faces and much more. This club makes for creative students to gain a new perspective in art and a new understanding. Not only was this club perfect for students pursuing an art major but also for those who wanted to learn more about art. Art Club helped students to find new interests and discover hidden talents. Catholic Schools-Faith. Academics. Service.

All City Mass

Each year the Sioux Falls Catholic Schools attend a city wide mass presided by the bishop. It is a moment where both students as well as their parents can join together and celebrate the mass as one group. In an excellent homily Bishop Paul Swain gave the message to keep our faith and not lose it, as society progresses with government rulings and new legislation. Each student of the Diocese of Sioux Falls was given a shirt with a listing of the Catholic Schools on the back, and the theme of "Faith. Academics. Service." written on the front. These shirts are to remind each of us the important aspects of receiving a Catholic education and that though we may attend different schools, we are all one community of faith.

EMPTY BOWLS

"The best way to find yourself is to lose yourself in the service of others."

-Mahatma Gandhi

Every year O'Gorman High School hosts Empty Bowls. Empty Bowls serves as a fundraiser for the poor in our community. Businesses from around the city donated everything from soup, bread, and juice. The pottery class contributed pots they made during class that were then sold at the event. Students in all grades volunteered to serve, clean-up, and sell tickets. This event was organized by the wonderful religion department. Empty Bowls was especially successful this year, serving 431 people, and raising over \$2,600.

Campus Ministry

Serving Others Brings The Greatest Joy...

Campus Ministry at O'Gorman was extraordinary last year. Many students enjoyed participate in the activities that take place to help better our community as a whole. Led by Mr. Jonathon Konz, students find where they belong. With the help of the core team, there were activities for everyone. Mr. Konz and his guitar were also a huge hit. Many students go into the campus ministry room during lunch periods and study hall to sing and deepen their faith. Mr. Jonathan Konz helped to organize the class retreats, Empty Bowls, silent retreats, and serving at the banquet. The students at O'Gorman really came together last year. They helped bring food for the food pantry, donated money for the less fortunate, and gave their time and effort in many different ways. The O'Gorman community united through sharing their talents and treasures.

The sounder your argument...

DEBATE

the more satisfaction you get out of it.

There is no debating it. O'Gorman has a fine debate program. The program began the year with six students and had 15 active members by the end of the year. The group was led by veteran coach and teacher Mr. Bob Steven. Debate is comprised of four different areas. The first is known as Policy debate with intentions of discussing a national policy resolution. The resolution was "The United States government should increase space exploration." This type of debate involves a team of two members. Public forum is when two individuals debate a current national topic such as, "resolve that birthright citizenship should be abolished in the United States." Another topic covered was, "the cost of a college education exceeds its value." Lincoln/Douglas Debate deals with values. It does not involve partners. An example topic was "Resolve that it is morally permissible for a victim of domestic violence to retaliate."

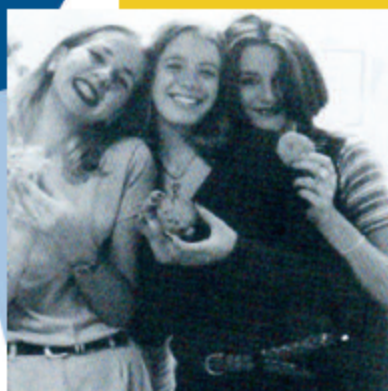

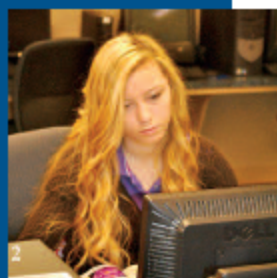

1. Danny Mohama researches debate topics.
2. Maxwell Boyum and Joshua Jorgensen team up to find topics for debate.

SENIORS

Class of 2012

Almighty Father,
You bring us together today as one body of Christ.
Thank you for giving us this day,
though we come to you as sinners.
Quiet our minds to hear your voice.
Strengthen us to seek your will that we may imitate Christ
through the virtues of faith, hope, and love.
Humble our hearts to serve one another.
In your name we pray.
Amen.
