District breaks ground on new elementary school

Trinity Ranch Elementary to open in 2025

(Editor's note: Photos from the groundbreaking are available upon request)

April 2, 2024 – [Elgin Independent School District](#) broke ground on its fifth elementary school, Trinity Ranch Elementary, within the Trinity Ranch master-planned community.

The construction marks a significant milestone in projects funded through a voter-approved 2021 Elgin ISD Bond Referendum. The bond package included funds for two new elementary schools, including Trinity Ranch Elementary. Just over \$39 million was set aside in the bond issue for this elementary school.

“This is such an exciting moment for the Elgin community,” said Elgin ISD Superintendent of Schools Dr. Jana Rueter. “Every student deserves access to engaging and innovative learning experiences so they will have choice and opportunity for their future. Trinity Ranch Elementary will provide a safe and nurturing environment for students to learn and grow, fostering a sense of community and collaboration. Future staff and students will benefit from the school's overall design, which reflects Elgin ISD's commitment to providing high-quality education for its students. We are excited to celebrate this investment in our community, and our children, and to see this new facility come to life.”

Planning for Trinity Ranch Elementary has been completed, and construction is currently underway. The project is scheduled for an August 2025 opening.

Trinity Ranch Elementary will be located on 14 acres off Grist Mill Lane and Upper Elgin River Road, just south of Highway 290 in Elgin. The new school, designed to accommodate approximately 800 students, will be built on the principles of creating a caring space, a sense of community, collaboration at the center, and a connection to the outdoors.
