Warrior Power is an enrichment class for the enhancement of physical abilities in sports. This class is designed to develop strength, power, agility and speed for participation in athletics. The Warrior Power program is designed to challenge the individual and improve their abilities. Individuals who participate in training sessions will be grouped based upon a variety of indicators, such as experience level, physical skill, specific sport, as well as their ability to perform basic movements.

The philosophy of the program is to challenge the current ability levels of the individual as well as enhance the abilities of all individuals who sign up. In addition to developing the skills of the individual, the secondary objective is to enhance the problem-solving and team working ability of the individuals who participate in team challenges.
