Provider Database

Our database includes over 260,000 verified providers across the nation without financial relationships.

Verification & Matching Criteria:

- Accepted insurance including Medicaid and Medicare and sliding scale options
- Age groups
- Specializations (DSM-5)
- Location and current contact information
- Availability

Bridge the Gap to Community Providers

Our services at a glance:

- We coordinate care for mental health and substance use treatment
- While we do not diagnose, assess, or provide treatment, we will quickly connect individuals with licensed professionals who can
- We work alongside school personnel and services

Bridge the Gap to Community Providers

When to utilize our services:

- School-based services are at capacity or unavailable
- Needs exceed the scope or schedule of school-based services
- The individual in need prefers a community-based provider, as opposed to school-based services
- To help coordinate post-hospitalization/stabilization after care so there is no gap in services
