## Principal's Den

---

Dear LES families,

As you can see, April is going to be a very busy month for Liberty students and families! From fun events to state testing, we have just about everything happening during the month of April!

Release forms for Monday's eclipse went home last week. In order for your child to participate in the viewing of the eclipse, a signed release must be turned in by **Friday, April 5<sup>th</sup>**. If you do not wish for your child to participate, we will provide an alternative activity that will take place inside. The FSSD has purchased glasses from PNJ Solar. These glasses are ISO-certified and AAS (American Astronomical Society) approved. The glasses will filter 100% of harmful ultraviolet, 100% of harmful infrared, and 99.99% of intense visible light. We will explain the importance of wearing the glasses fully and properly while viewing the eclipse on WLES this week. We are excited to experience this historical event as a school family!

Sincerely,

Mrs. Patton

## FSSD Young Scholars!

Young Scholars is a wonderful summer program offered each year. There are still lots of fun classes available in the FSSD's Young Scholars Institute, like pickleball, floor hockey and Kids in the Kitchen! Or maybe your kids like mystery, theater improve, or fishing. The Young Scholars Institute offers these and much more!

You can design your child's day by choosing the courses, which are challenging and a lot of fun! YSI is designed for mature, independent students who enjoy problem solving, critical thinking, and exploring the world around them. You have two weeks to choose from (or you could choose BOTH weeks): June 3-7 and June 10-14. For more information go to <https://www.fssd.org/students-families/campsummer-programs> for registration or payment information.
