

ADVERTISING IN THE SCHOOLS

The North Middlesex Regional School Committee may grant permission for advertising of commercial products or services in school buildings or on school property under guidelines or regulations it may approve. Otherwise, no advertising of commercial products or services will be permitted in school buildings or on school property. Publications of the school district will not contain any advertising. However, this will not prevent advertising in student publications that are published by student organizations, subject to administration controls, or the use of commercially-sponsored, free teaching aids if the administration approves the content.

The School Committee will not permit, unless approved, the solicitation of sales or use of the name of the school district to promote any product.
