

¡Correcaminos semanal!

3 de octubre de 2023

¡Los correcaminos tienen un carácter fuerte!

Familias de Central Point Elementary, ¡somos muy afortunados de ser una escuela con carácter fuerte! Cada maestro de CPE le brinda a su estudiante actividades e instrucción utilizando rasgos de Carácter Fuerte. **El rasgo de este mes es la RESPONSABILIDAD.**

Enfoque familiar: responsabilidad

Los estudiantes pueden mostrar responsabilidad tomando medidas y comprendiendo el impacto de nuestras acciones. Tomar medidas puede significar hacer algo que se le pide que haga o completar una tarea.

Consejos tecnológicos del director Slaughter

Padres,

Almost all of us ask our kids about their day as soon as we see them. Most students are still
stimulated from the tempo of school when they first see their parents. It is completely healthy and
natural for kids to want to be alone for 45 minutes to an hour when they get home from school.
Give them this time to be alone, play in their rooms, decompress and even use their devices a little.
They will decompress, and then after 45 minutes or so, ask them about their day. Ask them one
thing they learned and one thing they liked about their day. You are likely to get better responses,
and kids should be a little more calm after taking time alone. If older kids have homework, they are
more likely to do it if they've have some time to decompress. Please do not ask kids to do their
homework and their reading immediately after getting home. They will thank you for this!

This poster was created in our very own Life Lab with Mrs. Quackenbush. We learn all kinds of things in Life Lab — how to be kind, get along, work together, resolve our differences, and how to express our feelings with respect. We have group discussions, play games, and create lots of art projects. These activities help us understand how we can be better people and how we can make CPE the best school it can be.

For this project, every student in the school had the opportunity to draw their own self portrait and think about how we can be more kind. We talked about each part of the face and how we use our eyes, ears, nose and mouth to express kindness. As you read each statement, think about how you can be more kind, too!

Message From Nurse Angie

Hello from the Nurse

👁 267

It was so wonderful to see most of you at the Back to School nights! I hope you enjoyed it also. It is always a good time for me to match the faces to the voices of parents.

School is running towards fall, and with that we have the colds, flu, and possible Covid challenges. Luckily, the same precautions help with all three of these sicknesses. Please remind your students to wash their hands often, before meals, and after bathroom breaks. Hand sanitizer is available throughout the schools, but it is not a substitute to washing. Also, remind each other to cough or sneeze into your arms not your hands as we used to do. Hands touch everything so it spreads diseases when we cough or sneeze into our hands.

Many of you have been asking about current Covid guidelines. Since we know this disease better and we have methods to treat it, the recommendations are the same as other sicknesses. If you have symptoms stay home. When the symptoms are getting better for 24 hours and your child is fever free (without meds) for 24 hours, you can send your child back to school. Please consider that if your children are getting better, but still unable to participate fully in class then keep them home. If there is a question, you are welcome to call the office and they can forward your call to me. If you or your child test positive for Covid, Oregon Health Authority strongly encourages mask wearing for 10 days.

I am available in person at Central Point Elementary every Monday and Tuesday. I am at Sams Valley on Wednesday and Thursday and at Patrick on Friday.

The nurse visits are a service La Clinica provides and there is no charge. If the visit requires labs or vaccines, there may be a charge depending on your insurance, but you will have the option to decline.

I hope you all stay well and enjoy this beautiful fall weather.

To Better Health,

Nurse Angie
