UPDATE REGARDING POSITIONS/PROGRAMS PROPOSAL FOR 2024-2025

Dr. Peart provided an overview of a special needs student placement that has been extremely challenging for much of the school year. A proposal was shared to bring the services for this student in house by hiring our own instructor. Mrs. Staub shared program specifics and the complexity of all the moving parts necessary to meet the student's needs. Committee members asked Mrs. Staub clarifying questions regarding the proposed program, while addressing potential cost and budget implications to Mr. Stoltzfus.
