MS. BAPST PRESCHOOL

Preschool students in Miss Bapst's class have been researching marine mammals and ocean animals. They have been discussing adaptations, camouflage, predator/prey, what makes an animal a mammal, fish, or amphibian and more! They have practiced their skills in print awareness, writing, and shown what they know through science and sensory experiments.

MS. BRAUER

Students in Ms. Brauer's class have been practicing sounding out and identifying CVC words using multisensory strategies

MR. DECHELLIS & MRS. BARR-KINDERGARTEN

Mr. DeChellis' students learned about how weather and seasons change and the different characteristics of weather.

Mrs. Barr's class has been working on fairy tales and retelling the stories.

MRS. STEGNER'S FIRST GRADE

Mrs. Stegner's first grade class has spent several weeks learning about the sun, moon and solar eclipse. They participated in a science experiment where they tracked the sun's shadow throughout the day. They have also spent time learning how to write facts about the sun, moon, and solar eclipse.

MRS. ZBIKOWSKI FIRST GRADE

Mrs. Zbikowski's class has been working on this week is compounds. The kids worked in groups making compound flowers. They also worked in pairs playing a game identifying compounds. Last, they had an independent worksheet where they had to glue the two words to make the compound.
