School Goals

At RHS, our primary objective is to enhance our graduation rates by promoting consistent attendance among our students. Our ultimate goal is to have a regular attendance rate of over 90%. To achieve this, we collaborate with our students to emphasize the significance of attending school on a regular basis. We meticulously track the data on student progress toward graduation and aim to have over 90% of our ninth-graders on track to graduate. Above all, we aspire to see more than 90% of our students graduate on time.

State Goals

The Oregon Department of Education is partnering with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2027. To progress toward this goal, the state will prioritize efforts to improve attendance, provide a well-rounded education, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

Safe & Welcoming Environment

At RHS, our focus is to provide a secure and nurturing atmosphere that fosters learning. We work closely with our community and offer a range of services to support our students' health and well-being. We cultivate meaningful relationships through our comprehensive PBIS system, grade-level advisories, social-emotional learning, smaller learning communities, and an extensive selection of clubs, activities, and programs.
