The Board of Trustees authorizes the Superintendent to establish permanent or temporary councils, cabinets, and committees as deemed necessary for the proper administration of board policies, compliance with State Accreditation Standards, and for the improvement of the total educational program.

The membership and responsibilities of councils, cabinets, and committees will be defined by the Superintendent and may be changed at his/her discretion.

Functioning in an advisory capacity, such groups may make recommendations for submission to the Board through the Superintendent; however, such groups will have no inherent authority.

Expenses incurred by such groups for consultative services, materials and investigative travel will be paid from funds of the Gulfport School District, but only when the expenses are within budgetary allotments and approved by the Superintendent in advance.
