The Gulfport School District does not assume any responsibility for injuries which may be sustained whether in practice or in actual contests in inter-school competition for high schools and middle schools.

All students in grades 7-12 must have parental consent in order to participate in interscholastic activities. In addition, all students must have insurance coverage before participation is allowed. The Board of Trustees maintains a blanket insurance policy that provides minimal excess coverage for all students who may be injured at an organized practice or in a regularly scheduled contest.

The provisions of this coverage are contained in the policy between the insurance carrier and the District.
