Based upon the recommendation of the IEP Committee, a multidisciplinary evaluation team will be utilized to assess the need for occupational and/or physical therapy, as required by state and federal policy.

Occupational and/or physical therapy will be provided to students in accordance with the child's IEP. The student's treatment plan for Occupational and/or Physical Therapy will be developed and monitored by a Licensed Occupational and/or Physical Therapist. A therapist will provide copies of the treatment plan, periodic monitoring notes, and update the IEP showing the student's progress.
