

Descriptor Term: HOMEWORK

Descriptor Code: IHB

Rescinds: IHB

Board Approved: 8/28/2006

Previously Approved: 2/1/1988

It is the policy of the Gulfport School District that homework is an integral part of the District instructional program. Teachers will assign homework to students to aid in their development. The type, frequency and quantity of homework will be assigned according to the needs of the individual student and should not require additional instruction beyond the class period. Parents should not be required to supplement instruction.

Homework will be an application or adaptation of a classroom experience. It will not be used for disciplinary purposes. Assignments before vacations and weekends should be avoided.
