Board Approved: 11/27/2006

Previously Approved: 11/02/1998

Staff members will regard each student as an individual. The staff will aid each student in his/her learning, consistent with the Gulfport School District Strategic Plan. Students will be treated with courtesy and consideration. Staff members will take no action for the purpose of interfering with the right of a student to attend school classes or causing the student not to attend classes.

Each student is urged to regard staff members as people with specific knowledge and capabilities. No student will have the right to interfere with the efforts of the instructional staff to implement a learning program.
