

Descriptor Term: STUDENT HEALTH SERVICES

Descriptor Code: JGC

Rescinds: JGC

Board Approved: 4/04/88

Previously Approved:

The policy of the Gulfport School District is to safeguard student health and safety through an organized program of services designed to handle health and safety problems and to coordinate school and community health and safety resources.

The District Administrative Staff will develop and implement procedures which insure that all pupils entering kindergarten comply with immunization requirements. Written procedures for emergency situations, including fire drills, tornado drills, and disaster plans which comply with State law will be developed and made available to students and faculty members in each school.
