

## Green School Operations

The Governing Board believes that all citizens have a responsibility to be stewards of the environment and desires to integrate environmental accountability into all district operations. The Superintendent or designee shall promote green school practices that conserve natural resources, reduce the impact of district operations on the environment, and protect the health of students, staff, and community.

The Superintendent or designee may involve district and site administrators and operations and maintenance staff; representatives of local governmental agencies, utilities, solid waste and recycling companies, and community organizations; health professionals; and/or others as appropriate in the assessment of current district operations and the development of strategies to improve the environmental impact of district operations.

(cf. 1220 - Citizen Advisory Committees)

(cf. 1400 - Relations Between Other Governmental Agencies and the Schools)

(cf. 7131 - Relations with Local Agencies)

In selecting and prioritizing strategies, the Superintendent or designee shall give consideration to the initial cost, long-term potential cost savings, quality and performance of the product or service, health impacts, and environmental considerations.

(cf. 3100 - Budget)

(cf. 3460 - Financial Reports and Accountability)

Such strategies may include, but not be limited to:

1. Reducing energy and water consumption and exploring renewable and clean energy technologies

(cf. 3511 - Energy and Water Management)

2. Establishing recycling programs in district facilities

(cf. 3511.1 - Integrated Waste Management)

3. Reducing the consumption of disposable materials, by reusing materials and by using electronic rather than paper communications when feasible

4. Purchasing and using environmentally preferable products and services whenever practical, including, but not limited to, products that:

- a. Minimize environmental impacts, toxins, pollutants, odors, and hazards

- b. Contain postconsumer recycled content

# Salinas City Elementary School District

- c. Are durable and long-lasting
- d. Conserve energy and water
- e. Produce lower amounts of waste

(cf. 3514 - Environmental Safety)  
(cf. 3514.1 - Hazardous Substances)  
(cf. 3514.2 - Integrated Pest Management)  
(cf. 5141.23 - Asthma Management)  
(cf. 6161.3 - Toxic Art Supplies)

- 5. Using least toxic, independently certified green cleaning products when feasible, as well as high-efficiency cleaning equipment that reduces the need to use chemicals
- 6. Providing professional development to operations and maintenance staff in the proper use, storage, and disposal of cleaning supplies

(cf. 4231 - Staff Development)

- 7. Focusing on green building standards, sustainability, and student health in facilities construction and modernization projects, including decisions about site selection, building design, and landscaping and grounds

(cf. 7110 - Facilities Master Plan)  
(cf. 7111 - Evaluating Existing Buildings)  
(cf. 7150 - Site Selection and Development)

- 8. Reducing vehicle traffic by encouraging students to walk or bicycle to school or use district or public transportation

(cf. 3541 - Transportation Routes and Services)  
(cf. 5142.2 - Safe Routes to School Program)

- 9. Providing fresh, unprocessed, organic food in the district's food services program

(cf. 3550 - Food Service/Child Nutrition Program)

- 10. Providing instruction to students on the importance of the environment and involving students in the implementation and evaluation of green school activities and projects as appropriate

(cf. 6142.5 - Environmental Education)
