

Read-A-Thon Update

April 4, 2024

We are halfway through our last week of the Read-A-Thon!

Our participating students have done an absolutely outstanding job with their reading over the past two and a half weeks, logging over **60,000 minutes** up to this point! Many have also received sponsorships from friends and family members, raising money that the PTO and Foundation will be able to use towards special projects and events for our students and teachers.

Please keep the enthusiasm going through the last day of the competition, Sunday April 7th!

Remember, classes with the most minutes read per student will earn a treat and individual students who log 150, 300, and/or 450 minutes will earn a prize for each reading milestone they achieve.
