All questions concerning this RFP must be received no later than April 14 by **4:00 p.m. CST**. The District will address questions through email provided by proposers via addenda; it is currently anticipated that any applicable addenda will be issued by **April 16 by 2:00 p.m. CST**.

Addenda/Cancellation:

The District may modify or cancel this RFP at any time prior to the RFP due date by issuance of an Addendum or Cancellation. Such Addenda and/or Cancellations will be posted on the District’s website, currently: <https://www.parkhill.k12.mo.us/requests-for-proposals> (**Go to Requests for Proposals; Operations; Transportation.**

RFP Awards:

The District reserves the right to accept or reject any or all proposals, to make a partial award, or to make a multiple vendor award. The acceptance or rejection of any or all proposals and the making of an award or partial award shall be at the sole discretion of the District. The District shall not in any event be required or constrained to award the contract(s) to the Proposer(s) proposing the lowest price(s). Nor shall the District be required to make any award whatsoever. The District reserves the right to request additional information. The contract shall be awarded to the qualified Proposer(s) whose proposal (which may include and incorporate the outcome of any subsequent negotiations), is determined to be in the best interests of the District.

Clarification of Proposals:

The District reserves the right to obtain clarification of any point in a proposal or to obtain additional information necessary to properly evaluate a particular proposal. Failure of a Proposer to respond to such a request for additional information or clarification could result in rejection of a proposal.

Information in RFP Only an Estimate:

The District and its representatives make no representations, warranty, or guarantee as to the accuracy of the information contained in the RFP or issued via addenda. Any quantities or data contained in this RFP or related addenda are good-faith estimates provided only as general background information. In this case, the estimates are based on usage data from the District's 2023-2024 fiscal year.

Method of Selection:

The District reserves the right to accept or reject any or all proposals, or portions thereof. The selection of a successful Proposer, if any, will be made based upon which proposal the District determines would best meet its requirements and needs, and be most advantageous to the District.

The evaluation criteria are listed below, not necessarily in order of importance:

- Demonstrated understanding of the overall scope and work required, as evidenced by a responsive proposal – 15%
- Scope of Services offered and the extent to which they meet or exceed the District's requirements – 40%
- Qualifications and experience of the Contractor and resources to be applied to the advantage of the District – 20%
- Competitive cost of services – 25%

After the District's initial evaluation of proposals, select proposals will undergo additional review and evaluation.

The District may negotiate with the selected Proposer(s) for mutually agreeable contract terms before making a contract award. Negotiations could include, but not be limited to, price and the terms and conditions listed in the RFP.

Confidentiality of Information:

Any proprietary information furnished by a Proposer to the District that is designated confidential shall be treated as confidential to the District as allowable by law.

Submission of Proposal:

Proposals shall be submitted in hardcopy format (one physical copy, along with a thumb drive containing a digital copy of the proposal) to the “**Official Contact**” address listed above and shall be received by delivery in person or via service (US Mail, UPS, FedEx, etc.) in a sealed envelope or box. Electronic delivery (i.e., email) will not be accepted.

All proposals must be received no later than **10:30 a.m. CST, April 17** and should be clearly marked “**RFP – Supplemental Student Transportation Services**”.

Proposal Availability:

Proposals received by the District will not be open to public review, nor disclosed to unauthorized persons, prior to award of a contract. After award of a contract, all proposals shall be open to public inspection, with the exception of information designated as confidential, to the extent that such confidential information may be exempt from public inspection as allowable by law.

SPECIFICATIONS

Scope of Proposal:

The District would like to contract with a vendor to provide district-wide supplemental transportation services for students identified by the District as eligible for transportation, including students qualified by McKinney Vento Act, Special Education, Foster Care, and students within the Professional Studies Programs. Supplemental transportation may include transportation to and from school sites, work sites, internship sites and residences throughout the day. Sites may be within or outside of our District boundaries. An outline of desired services and requirements is provided in **Attachment A**.

Contract Term:

By submitting a proposal, each Proposer acknowledges and agrees that if the District selects the Proposer, the District and Proposer will execute an agreement with a term of three years for a period beginning July 1, 2024 and ending June 30, 2027, with an option to renew up to two additional years.

Acceptance of RFP Terms:

A proposal submitted in response to this RFP shall constitute a binding offer. **The Proposer shall identify clearly and thoroughly any variation between its offer and the RFP.** Failure to do so shall be deemed a waiver of any right to subsequently modify the terms of performance. Proposer’s authorized representative may withdraw submitted proposals only by written request received before the proposal due date.

PROPOSAL CONTENT AND FORMAT

To provide a degree of consistency in review of the submitted proposals, Proposers are required to prepare their proposals in the format and order as described below:

Proposal Response Form:

An individual having full authority to submit a proposal and execute any resulting contract for products or services (“authorized representative”) must complete and submit the attached Proposal Response Form (**Attachment B**) or submit a signed letter of transmittal that contains the same information and statements as indicated in the Proposal Response Form.

Experience and Qualifications:

Proposer should provide an introduction and background of the firm’s experience and qualifications. This should include a brief history of the firm, date founded, ownership, and any subsidiary relationships as well as stating the location of operations. Also, list the types of services that the firm is able to provide. Please address the firm’s ability to provide the desired features and services listed in **Attachment A**. Give examples of experience for similar features or services to other entities. In particular, if the firm has experience providing the desired features and services to other school districts, please note this information.

Personnel:

Proposer should list the names of key management personnel who would be directly involved in providing services and products to the District: describe their relationship in the firm, the role they would play in providing services, and their experience, qualifications, and years of service with the firm. Please note the respective personnel’s experience with providing services similar to those desired by the District. The District may consider this information in its evaluation of the Proposer’s experience and qualifications.

Additionally, as noted in **Attachment A**, your proposal should:

- **Include an organizational chart of company employees, their resumes and the location of where they will perform their duties, for those who will be involved with the daily operation of the contract.**
- **Include a description of your hiring process and selection criteria for employees.**
- **Describe your driver evaluation process.**
- **Provide an overall description of your driver training process.**
- **Describe your accident prevention and awareness program.**
- **Submit a list of driver qualifications, certifications and indications of ability to meet all driver requirements under Missouri statutes and regulations, and how Proposer intends to supply these drivers.**
- **Provide an overall description of the training process for aides/monitors.**
- **Proposer shall address the provision for substitute drivers needed for the performance under the terms of this contract.**

References:

Proposer should submit information regarding three (3) comparable projects that the Proposer completed as prime contractor within the last five (5) years. The projects should indicate the start and completion dates, and the products and services provided. The provided references may be used by the District in its Evaluation of a Proposer's experience and qualifications.

Service Approach:

Proposer should submit a clear, concise response to accomplish the scope of services that reflects your understanding of the District's requirements as described in **Attachment A**. Include information about the timeframe needed, and your firm's ability, to provide the desired services and features desired by the District. This response should demonstrate an understanding of the District's needs as outlined in the RFP.

Additionally, as noted in **Attachment A**, your proposal should:

- **Provide a detailed listing of equipment that will be utilized in fulfilling the contract.**
- **Provide the name of the routing software and indicate whether it is SIF (Schools Interoperability Framework) compliant.**
- **Provide a description of the electronic system used for receiving individual trip requests from the District with assurances for secure data transfer and confidentiality.**

Use of Subcontractors:

The selected Proposer(s) shall be solely responsible for all products and services as required by this RFP. Subcontractors, if any, will be the responsibility of the Proposer and the role of subcontractors must be clearly identified in the proposal. The District may consider this information in its evaluation of the Proposer's service approach. The use of a subcontractor(s) does not relieve the selected Contractor(s) of liability under any awarded contract. The selected Contractor(s) agrees not to assign or subcontract any part of a resulting contract without express written approval of the District. *Subcontractors are not desired with this agreement.*

Costs/Charges:

Submit a detailed breakdown of all costs and charges in providing the desired products and/or services (or equivalent) as listed in **Attachment A**, in the format of **Attachment C**. The District relies on the Proposer to assure that all charges to provide the desired services (or equivalent) are submitted in the proposal, and that there are no hidden costs or charges that will be incurred.

ATTACHMENT A

DESIRED SERVICES AND REQUIREMENTS

General Background:

The following is intended to illustrate the types of services that will be required of the service provider. It is not intended to eliminate other services that the service provider believes to be necessary and is able to provide. The final scope of work will be determined upon selection of the service provider and shall be mutually agreed upon by both parties.

Park Hill School District is one of the larger districts in the state of Missouri, with the 16th largest enrollment. Current enrollment is 11,698 students. The DISTRICT is made up of twenty (20) schools - two traditional high schools (grades 9-12), one innovative, personalized high school program, four middle school schools (grades 6-8), eleven elementary schools (grades K-5), one day school for students who need a therapeutic learning environment (grades K-12), and one early childhood education center (ages 3-5).

The District's supplemental transportation needs consists of supplying necessary vans and drivers to perform all services under the term of this agreement, and shall include any and all related management services and offerings. This shall include but not be limited to:

- Daily home-to-school student transports for McKinney Vento Qualified riders, children in Foster Care and a limited number of Special Education students with the majority of transports occurring to/from school.
- Special Education student transportation may require an aide when requested.
- Transporting students to LEAD Innovation Center, Northland Career Center in Platte City and Metropolitan Community College located at 1775 Universal Avenue.
- Transportation for students enrolled within the Professional Studies programs to and from home or schools to program sites, internship sites or work sites located anywhere in the metropolitan Kansas City area.
- Shuttle transportation between District buildings
- Specialized equipment for students with special needs year-round, including lift vans and with air-conditioning.
- Regular school calendar includes an estimated 174 days of transportation service. Summer Extended School Year services are described below.

Summer School:

Additionally, the successful Contractor may be responsible for providing transportation for the District Special Education and Regular Education Summer School sessions. Summer school is usually a period of 15 – 20 days beginning early to mid-June. All school facilities are used to support the Summer School program.

Program Growth:

The District shall have the right to increase or decrease the number of vans over the life of the contract as programs and student population change. The cost of the change in the number of vans, if needed, will be at the per diem cost approved in the contract.

Contractor Responsibilities:

All accidents involving the selected Contractor's equipment and pupil injuries, if related to the transportation of District students shall be reported to the District's Coordinator of Transportation.

The selected Contractor shall install and maintain an appropriate number of telephone lines for school contacts, agency contacts, and public contacts.

The selected Contractor shall make and furnish such reports as may be required or requested by the District or by the Missouri Department of Elementary and Secondary Education. This shall include, but not be limited to an accurate daily record of students transported, and any other information deemed necessary by the District, pertaining to students, routes, stops, mileage audits, and other information having to do with daily operations.

The selected Contractor shall be responsible for implementing and maintaining a comprehensive student transportation safety program during the complete term of the contract.

The selected Contractor is an Independent Contractor and as such is not an agent or employee of the District.

Billing to Identify Cost-Share Charges:

The selected Contractor should be able to generate invoices that clearly identify/breakdown cost-share charges across multiple programs/funding sources (McKinney Vento, Foster Care, etc.), and invoice other school districts, based on information provided by the District.

Equipment:

All vehicles must be the sole property of the Proposer. Proposer should provide a detailed listing of equipment that will be utilized in fulfilling the contract. The selected Contractor shall provide all equipment required to fulfill the needs of the contract. All vehicles must meet State of Missouri Specifications. The Contractor shall operate vehicles not older than six (8) years of age at any time during the term of the contract or have more than 100,000 miles except for the lift van which shall not be older than eight (10 years of age at any time during the contract or have more than 100,000 miles. Lift vehicles shall be equipped with wheelchair lifts and securement system. Additionally, appropriate child restraint equipment, such as car seats, boosters, and/or safety vests, typically used in transporting students shall be provided by the Contractor. The equipment must conform to all construction standards set forth by Federal, State or Local law and/or are requested by the District.

All vehicles shall be equipped with two-way radios (or some acceptable method of 2-way communication with dispatch).

The selected Contractor shall provide enough vehicles to assure no interruption in services due to such things as vehicles being in the shop for maintenance.

All vehicles proposed and used under this contract shall be properly licensed to operate in the State of Missouri and within the District.

The selected Contractor shall provide the address and description of the facility to be used in the fulfillment of the contract, including where the vehicles will be parked at night and on weekends, and where dispatching, routing and customer service will occur.

All vehicles should be equipped with a minimum of 3 digital, color cameras that are commonly used in the student transportation industry to capture audio and video of all vehicle passengers.

All vehicles should be equipped with GPS technology used to track vehicle locations in real or near real time. The GPS system should offer additional tracking and reporting features such as stop time and location, speed and location, idle time, miles drive per route, etc.

The Contractor's equipment must be in compliance with all Missouri statutes, and all rules and regulations promulgated there by the Missouri Department of Elementary and Secondary Education.

Fleet Maintenance:

The selected Contractor shall maintain all equipment in first class condition. The equipment must pass any and all inspections by the Missouri State Highway Patrol. All reports of inspection results must be reported to the District.

The District reserves the right to inspect any and all vehicles at any time for purposes of assuring the successful contractor's compliance.

Proper maintenance of all equipment is of the utmost importance to the District, therefore the following additional minimum requirements shall be met:

- a) The selected Contractor shall have a maintenance system with preventative maintenance scheduling and inspections.
- b) The selected Contractor shall supply the District with maintenance reports summarizing all repairs, parts and responsible mechanics upon request.

Fuel Requirement:

The selected Contractor will be required to provide all fuel for its services and agrees to keep detailed records of all fuel purchased for use in transporting District students, and that the District shall have the right to audit those records.

Routing:

All routing shall be the responsibility of the selected Contractor and is subject to the approval of the District. **The Proposer should provide the name of the routing software and indicate whether it is SIF (Schools Interoperability Framework) compliant.**

The selected Contractor shall be knowledgeable and experienced in the use of a computerized routing system. The selected Contractor shall have the ability to provide the following functions for Regular and Special Education routing:

- Comprehensive routing abilities;
- Route directions;
- Total route and run optimization; and
- Reporting capabilities based on the data collected for the above functions (A-C).

The selected Contractor shall have a process whereby the driver is given route changes in a timely and efficient manner.

The selected Contractor shall be responsible for notifying each passenger of his/her pick-up time at the beginning of the school year and in the event of any major changes in a route during the school year.

The selected Contractor shall develop all runs so that no student riding shall ride in excess of 45 minutes each way to or from school.

The selected Contractor shall be required to respond to all public inquiries and handle all daily transportation concerns.

Management Personnel:

- a) Contractor shall employ management personnel who shall be responsible for the efficient operation of the transportation services furnished hereunder and who shall be Contractor's liaison to School District. Contractor shall inform School District of the name(s) and address(es) of such management personnel.
- b) Contractor shall be required to respond to all public inquiries and handle all daily transportation concerns. A minimum of one (1) employee of Contractor shall be required in a customer service and safety role. That employee must be backed-up to insure adequate coverage during operating hours and supported by local management when situations warrant. A local presence is essential to insuring the proper implementation of this Agreement, while maintaining excellent customer service to School District staff and patrons, and a focus on safety of students. Necessary supervisors and support staff shall be required for local management and implementation of this contract.

Operations Personnel/Driver Qualifications:

- a) Contractor shall employ a sufficient number of drivers and support personnel to assure School District of continuous and reliable scheduled service.
- b) Contractor shall take reasonable steps to prevent its employees from exposing any pupil to impropriety of word or conduct. Contractor shall not permit its drivers to smoke in or around the vehicle nor to drink any intoxicating beverage or be under the influence of drugs or alcohol while operating any vehicle. Contractor shall regulate the use of prescription and non-prescription drugs which impair the safe operation of a vehicle.
- c) Contractor shall be responsible for hiring and discharging personnel employed by Contractor to perform its obligations hereunder; provided, however, that School District shall have the right to require Contractor to remove from service any employee who, in School District's sole discretion, is deemed unsuitable for the performance of transportation services for School District; and provided, further, that School District shall make such request in writing and state the reasons therefor. Reasons may include failure of any driver to operate a vehicle in a safe manner, in accordance with the laws of Missouri and the ordinances of any city in which such vehicle operates, or a finding by the School District that the personal habits and/or conduct of an employee are detrimental to the best interests of the School District or to the welfare and best interests of the students being transported.

- i. Drivers:

All driver and driver/trainer employees hired must have their traffic and criminal records researched to assure compliance with Missouri Regulations. Upon request of School District, and as and to the extent permitted under all applicable laws requiring that Contractor maintain the confidentiality of driver records, Contractor shall provide School District results of criminal history record checks and drug screens. Accordingly, Contractor agrees that each driver shall:

- a) Possess a valid license or permit authorizing such person to operate a vehicle and transport students;
- b) Be certified by a duly licensed medical practitioner as medically qualified and free of medical or physical conditions which, absent reasonable accommodation, would limit safe operation of a vehicle;
- c) Successfully complete a course of defensive driving training;
- d) Possess a satisfactory driving record and criminal history record, after review of such records prior to employment and periodically thereafter to the extent permitted or available by law;
- e) Prior to employment and from time-to-time thereafter, to the extent permitted by law, undergo such tests as may reveal, within a reasonable degree of medical or scientific certainty, the presence or absence of drugs or controlled substances in the body and such tests as may clinically reveal alcoholism or alcohol abuse. Negative findings for such tests shall be a condition of employment;
- f) Satisfy all requirements of the U. S. Department of Transportation, Federal Highway Administration in rendering transportation services regulated by that agency; and
- g) Meet any other criteria required by law or by School District's policies, rules or regulations.

- ii. Contractor shall hold each driver responsible for:
 - a) Supervising the loading and unloading of his or her vehicle at every pick-up and delivery point.
 - b) Keeping informed of all rules and regulations affecting the operation of vehicles and standards of conduct;
 - c) Complying with all federal, state and local traffic laws while operating vehicles under this Agreement;
 - d) Carrying appropriate identification at all times while on duty;
 - e) Carrying a timepiece while on duty so that the driver can maintain established schedule times;
 - f) Notifying Contractor's dispatcher in the event of any traffic accident or medical emergency which involves a vehicle used in the performance of this Agreement. Contractor's dispatcher shall promptly advise the appropriate authorities and the School District's designee of the accident or emergency. Contractor's employees shall not be required to perform any medical functions for passengers, but will be allowed to deliver emergency medical treatment within their level of training as deemed necessary.
- iii. Contractor shall be responsible for:
 - a) Inspecting each driver's readiness each day before being assigned a route;
 - b) Conducting safety trainings, documentation of such meetings, and documentation of any information deemed necessary by the State of Missouri to comply with regular audits; and
 - c) Insuring School District guidelines are followed, including, but not limited to, vehicle idling, student safety, and video requests.

Proposers shall describe its driver evaluation process.

Proposers shall provide an overall description of its training process.

Proposers shall describe their accident prevention and awareness program.

Proposer should submit a list of driver qualifications, certifications and indications of ability to meet all driver requirements under Missouri law and regulations, and how Proposer intends to supply these drivers.

Transportation Aide:

Each aide/paraprofessional shall have a criminal records check completed annually and be included as part of the regular drug screening process.

The District will require training with a Behavior Management course.

Proposer shall provide an overall description of their training process for aides/paraprofessionals.

Insurance Requirements

Successful proposer will continuously maintain and pay the premiums on General Liability Insurance in an amount not less than One Million Dollars (\$1,000,000.00) primary and Five Million (\$5,000,000.00) umbrella combined single limit coverage. Successful proposer will also provide Automobile Liability Insurance in an amount not less than One Million Dollars (\$1,000,000.00) primary and Five Million (\$5,000,000.00) excess to include uninsured/underinsured motorists coverage and Missouri Personal Injury Protection (PIP) coverage. Proposer will keep such other insurance as required by Missouri Law. Such insurance policy or policies shall list the District, its Board of Education, and its employees as additional insured. Such insurance policy must be endorsed. All policies of insurance shall not be cancelable except upon thirty (30) days prior written notice of cancellation to the District.

Within thirty (30) days after the execution of a contract, the contractor shall provide the District with a certificate or certificates of insurance evidencing the fact that the insurance coverage required by this section is in full force and effect. Contractor shall inform the District in writing within five (5) days after any change in the provisions of such insurance coverage and shall provide a new certificate of insurance within the same time period.
