								"ASD" We will be building 2 8' walls in the existing pool area to create an office. Metal studs, moisture resistant sheetrock with 1 HM door and Frame. There will be no ceiling above the new office. We will add one outlet from the electrical conduit that runs on the wall above the area of the office. The pool has been empty and not used for many years. Temporary fence and cubicle panels separate the pool area from the office area. I have prepared a sketch for your review. Please tell me if you would like a stamped drawing. Before we apply or get approval from the school I would like to know if this office will receive approval from your office. No students enter this area. Thank you

				The staircase from the second floor to the currently unfinished attic will be relocated from the front bedroom to the back room (refer to attached engineering plans). A closet will be created in the location where the stairs were previously located in the front bedroom.					
				Please note, in the attached engineering plans, the house's second floor is annotated as "1st FLOOR PLAN" and the house's attic is annotated as "2nd FLOOR PLAN" due to the fact that the house's first floor was not modelled.
