### **Eclipse Assembly:**

The Total Solar Eclipse is only five days away!

Did you know that the sun's diameter is about 400 times larger than the moon's?

However, the sun is also about 400 times farther away, making the moon and the sun appear to be almost exactly the same size when viewed from Earth.

Find out more about this amazing quirk of our solar system at Friday's assembly and remember to wear black to help celebrate!

### **Paraprofessionals Day:**

Today is Paraprofessionals Day and we want to take a moment to express our deepest gratitude for the incredible dedication, compassion, and hard work you bring to our team every day. Your unwavering support and commitment to our students and staff do not go unnoticed.

Mrs. Puhala, your warmth and kindness create an atmosphere of comfort and understanding for all who cross your path. Mrs. Firsdon, your patience and tireless efforts inspire us all to strive for excellence. And Mr. McNulty, your enthusiasm and willingness to go above and beyond truly make a difference in the lives of those you serve.

On this special day, we want to extend a heartfelt thank you for everything you do. Your contributions are invaluable, and our school community is truly blessed to have you as part of our team.
