“I have enjoyed being a part of Collegiate Academy because my college classes are terrific. I have enjoyed high school, but thought I was ready to try the next level and it has been a tremendous experience for me. College is so different from high school but in a great way.”

DEGREE OPTIONS

THE ASSOCIATE OF ARTS (A.A.) DEGREE is designed for students who plan to transfer to a four-year college/university. Coursework focuses on the curriculum needed for the first two years leading to a baccalaureate degree.

THE ASSOCIATE OF SCIENCE (A.S.) DEGREE is designed for students who plan to transfer to a four-year college/university to pursue a baccalaureate degree in a science, technology, engineering, or math field.

The A.A. and A.S. require the completion of 60 credit hours - 40 core credit hours and 20 elective credit hours.

The degree pathways for the A.A. and A.S. can be found under “University Transfer Preparation” in the college catalog.

THE ASSOCIATE OF APPLIED (A.A.S.) SCIENCE DEGREE is commonly known as career and technical education (CTE) degree. The A.A.S. is designed to meet the educational needs of students who are seeking preparation for employment in occupational fields. The pursuit of this pathway would also result in an industry credential in addition to the A.A.S.

The A.A.S. degree requires the completion of 60 credit hours – 45 CTE hours and 15 academic credit hours.
