

**Maryville City Schools**  
**iReach Protection Plan**  
**\$40.00 for individual students; Family Rate \$100.00**

Maryville City Schools will no longer collect the annual iReach User Charges for grades 4-12. With the increase of damage to devices, the district will systematically charge families for damage to devices in all grade levels, K-12. The district is now offering an optional, annual iReach Protection Plan. The below chart details the applicable charges for damages that would be billed to families with the Protection Plan and to families that choose to not purchase a Protection Plan.

The 2024-2025 MCS iReach Protection Plan may be purchased at any time. However, the best option is to purchase the plan at the beginning of the school year because the plan must be purchased prior to any damage claim. The Plan will not cover damages that occurred prior to purchasing the Protection Plan. Any Plan purchased after Labor Day requires a device inspection before the purchase of the Protection Plan. In addition, the annual Protection Plan expires at the end of each school year and must be renewed annually.

The Protection Plan provides coverage for the cost of replacing or repairing devices on a sliding scale based on level and frequency of damage. Loaner devices will be provided while the assigned device is being used, and these devices will not be restricted day use devices. Loaner devices will travel home with students in grades 4-12 the same as the iReady issued device. Families who elect to not purchase the iReach Protection Plan will be charged full prices for all damages. Even if the Protection Plan is purchased, intentional and Willful Damage will be billed the full payment minus the Protection Plan Purchase. No additional discounting will occur for intentional damage. The Plan does NOT include loss or theft.
