HOSTING OPPORTUNITY: June 19-26, 2024

Make free travel possible for a teen!

The American Exchange Project (AEP) seeks to build connections between people across the nation with the hopes that folks from different walks of life can begin to understand what it's like to grow up in a place different from their hometown.

Unique hosting opportunity for this upcoming summer:

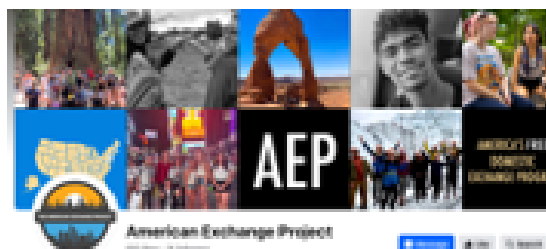

AEP is seeking **host families from June 19-26 who could accommodate a recent high school graduate in their home**. The student doesn't need their own room, but they do need their own bed. (You just need to provide a few meals, some rides, and a place to stay– but mostly the students will be engaged in activities with other traveling teens such as a Phillies game, Top Golf, Barnes Museum, BBQ, Valley Forge Hike and KOP Mall visit)

Sign up to host!

There is a \$250 stipend for all host families!

Apply by April 26!

Please call or email Vanessa Babinecz at 917-822-5157 or vbabinecz@agnesirwin.org to find out more about hosting, ask any questions and see if you qualify to host!
