Help Me Grow

Early Childhood Information & Referral

Connecting families to early intervention services. Some children need extra help to learn and grow. Help Me Grow is a Minnesota state initiative that connects children with developmental delays and disabilities and their families to free, local early intervention services.

If you have a concern about a child's development, you can refer the child through Help Me Grow for a free screening or evaluation. Services are free to eligible children ages birth-5, regardless of income or immigrant status.

Help Me Grow's website, helpmegrowmn.org, offers valuable information to help parents and caregivers understand a child's development. Resources include developmental milestones, strategies to encourage development and information about referrals.

To refer a child, visit helpmegrowmn.org or call 651-604-3700. Interpretation services are available for referrals by phone.
