

Mental Health Awareness Week May 2024: Movement

At Slough & Eton we believe that good mental health and strong wellbeing is the basis for a happy and successful life at school and beyond. We know that life is not easy and many people are experiencing challenges. If your child has a worry that they want to share in confidence with a School Therapist or a Learning Mentor they can email wellbeing@slougheton.com or you can do it on their behalf. If you would rather speak to somebody who does not know you, there are links on the [Wellbeing & Mental Health](#) page of the school website.

This year Mental Health Awareness Week focusses on the importance of movement. Being physically active is great for our bodies and our minds. Exercise has been proven to reduce anxiety and depression, and it can help us to prevent physical illnesses. Sadly, people living with mental illness die on average 20 years younger than the general population, often from avoidable physical illness. This group is more likely to develop preventable conditions like diabetes, heart disease, bowel cancer and breast cancer. Research shows that 56% of people found that exercising regularly helped them to alleviate stress and prevent burnout in their lives.

Movement doesn't need to look like going to the gym, running a marathon or taking part in a team sport – and it doesn't need to cost the earth. It can be as simple as stepping off the bus a stop early, taking the stairs rather than the lift, encouraging your child to walk to school, or dancing in the kitchen while you all cook dinner. The attached leaflet *15 Ways to Move More at Home* has further information.

The Slough & Eton Wellbeing Team

We are here to support students with any aspect of mental health or emotional wellbeing. We can provide specialist, bespoke interventions in school, and if necessary we can find you expert help from outside of school.

You can self-refer to wellbeing@slougheton.com. Your email will be treated as confidential and somebody will contact you within 24 hours (term time).
