

Briarwood Elementary

5300 W. 86th Street
Prairie Village, KS 66204
913-993-2200

Principal: Chris Lash
Grades Served: K-6
KSDE Bldg #: 8786

Feeder Pattern: Indian Hills MS & SM East HS

Notable School Characteristics

Comprehensive school serving students in grades K-6
Apple Distinguished School
Newly constructed in January 2017
Strong parent engagement with supportive PTA
High teacher retention
Briarwood is a community that fuels a passion for learning while educating all students to achieve their full potential.

KSDE Building Report Card

[Briarwood Elementary Building Report Card](#)

Sec. 8. On and after July 1, 2021, K.S.A. 72-1163 is hereby amended to read as follows: 72-1163. (a) Each year the board of education of a school district shall conduct an assessment of the educational needs of each attendance center in the district. Information obtained from such needs-assessment shall be used by the board when preparing the budget of the school district to ensure improvement in student academic performance. The budget of the school district shall allocate sufficient moneys in a manner reasonably calculated such that all students may achieve the goal set forth in K.S.A. 72-3218(c), and amendments thereto. The board also shall prepare a summary of the budget for the school district. The budgets and summary shall be in the form prescribed by the director pursuant to K.S.A. 79-2926, and amendments thereto.

Needs Analysis

What barriers must be overcome for each student to achieve grade* level proficiency on assessments?

*Grade level proficiency is defined by state law as scoring “above level 2” on state assessments, yet actual grade level performance is most closely related to state assessment scores above level 1.

- High student enrollment - The Board of Education made a boundary change to address the high enrollment. The boundary change will take place during the 2025-2026 school year.
- Lack of special education funding
- Students with severe special needs
- High levels of students facing trauma
- When substitutes are not available to fill certified classroom positions it requires us to use our instructional coach, reading specialist, innovation specialist, social worker, and principal which takes away from intervention groups.

What budget actions should be taken to address and remove those barriers?

- Maintain current classroom size guidelines
- Maintain at least 1 full-time social worker.
- Maintain at least 1 full-time interventionist.
- Maintain at least 1 full-time instructional coach.
- Maintain at least 1 building substitute.
- Increase support staff hired to meet the individual learning and SEL needs of all students. This would include behavior coaches, social workers, and special education staff.
- Increase to a full-time administrative intern when enrollment is over 600 students.
- Increased salary to recruit and retain highly qualified certified and classified staff.

How much time will it take for each student to achieve grade* level proficiency on the state assessments if the budget actions would be implemented?

*Again, state law defines grade level proficiency as scoring “above level 2” while actual grade level performance is most closely related to scores above level 1 on state assessments.

We measure student learning on an ongoing basis throughout the year and document our success on a variety of student learning outcomes in our KESA plans. We emphasize growth for all students.

Sec. 8. On and after July 1, 2021, K.S.A. 72-1163 is hereby amended to read as follows: 72-1163. (a) Each year the board of education of a school district shall conduct an assessment of the educational needs of each attendance center in the district. Information obtained from such needs-assessment shall be used by the board when preparing the budget of the school district to ensure improvement in student academic performance. The budget of the school district shall allocate sufficient moneys in a manner reasonably calculated such that all students may achieve the goal set forth in K.S.A. 72-3218(c), and amendments thereto. The board also shall prepare a summary of the budget for the school district. The budgets and summary shall be in the form prescribed by the director pursuant to K.S.A. 79-2926, and amendments thereto.

Although we do this and are proud of the work we do, many factors make it impossible to estimate a time that every student will achieve grade level proficiency. Such factors include:

- Ever-changing population of students bringing a varying degree of cognitive abilities and disabilities which preclude us from being able to guarantee a date when all students will meet a singular level of proficiency.
 - Lack of constitutional funding of special education continues to impact our ability to fully meet the needs of all students.
-

Sec. 8. On and after July 1, 2021, K.S.A. 72-1163 is hereby amended to read as follows: 72-1163. (a) Each year the board of education of a school district shall conduct an assessment of the educational needs of each attendance center in the district. Information obtained from such needs-assessment shall be used by the board when preparing the budget of the school district to ensure improvement in student academic performance. The budget of the school district shall allocate sufficient moneys in a manner reasonably calculated such that all students may achieve the goal set forth in K.S.A. 72-3218(c), and amendments thereto. The board also shall prepare a summary of the budget for the school district. The budgets and summary shall be in the form prescribed by the director pursuant to K.S.A. 79-2926, and amendments thereto.

Board Rationale/Comments

The Shawnee Mission School District maintains focus on its commitment to meeting aspirational state and district education goals for every student. The district continues to budget conservatively, working to limit central administrative costs to less than 5% of the total budget. Over the past several years, the district has focused on responding to challenges caused by the COVID-19 pandemic, including learning recovery, an increase in chronic absenteeism, and an enhanced need for social and emotional support for students.

The district has used information from needs assessments conducted at each building to make focused staff allocations at the building level. These include specific needs identified by large numbers of schools, including additional teacher allocations to maintain lower class sizes at the elementary level, providing a building substitute at each building, increased paraprofessional/teacher support in special education classrooms, and higher salaries for both certified and classified staff. In addition, following a comprehensive analysis of student needs, the district continues to maintain in the district budget a full-time social worker position in every school, a full-time instructional coach in every school, and Real World Learning counselors at each of the five comprehensive high schools.

The district was able to use additional state funding, (including an increase in the at-risk weighting and an increase to the base, along with a corresponding increase in the Local Option Budget) to add positions identified in individual building needs assessments across our 48 attendance centers/specialized programs. These positions include the following:

- 10 special education teachers, 5.25 para-educators, an autism coach, 2 speech language pathologists, an occupational therapist, 2 school psychologists, and 2 special education coordinators.
- 5 elementary interventionists
- An additional instructional coach for Horizons and for Early childhood
- 4 ELL teachers
- A teacher on assignment
- 3 floating nurses and
- 2 administrative interns

The district is also maintaining the following positions in the operating funds at least for one more year:

Sec. 8. On and after July 1, 2021, K.S.A. 72-1163 is hereby amended to read as follows: 72-1163. (a) Each year the board of education of a school district shall conduct an assessment of the educational needs of each attendance center in the district. Information obtained from such needs-assessment shall be used by the board when preparing the budget of the school district to ensure improvement in student academic performance. The budget of the school district shall allocate sufficient moneys in a manner reasonably calculated such that all students may achieve the goal set forth in K.S.A. 72-3218(c), and amendments thereto. The board also shall prepare a summary of the budget for the school district. The budgets and summary shall be in the form prescribed by the director pursuant to K.S.A. 79-2926, and amendments thereto.

- Elementary class size will remain at 22 for Kindergarten through 2nd grade and 25 for 3rd through 6th grades.
- Ten additional teachers at the secondary level to support learning recovery.
- At least one building sub at each building in the district.

The district will continue to analyze budget funds for the 2024-25 school year, in order to determine the ability to maintain the positions listed above that were added with ESSER funding: additional support for nursing services; additional secondary math teachers; building substitutes for every building; and class-size reduction at the elementary level.

The percentage of Briarwood students performing at College and Career Ready (Levels 2, 3 or 4) on ELA and Math state assessments remains significantly above the state's average, with improvement in 2023 Math state assessments following COVID disruptions to learning. While students have experienced significant learning disruptions over the past few years, state assessment performance reflected minimal academic decline. Social-emotional impact of COVID, however, has been compounded by multiple years of overcrowding and high enrollment, including significant numbers of students with severe special needs, and is significantly impacted by the lack of adequate special education funding. With the addition of strong parental involvement, Briarwood remains committed to the goal of providing all students with the academic and social-emotional support they need to facilitate learning growth.

In addition, the district will continue to support increased professional learning opportunities for all teachers, with a focus on Professional Learning Communities and Response to Intervention. We will continue to prioritize equitable allocation of resources to create a welcoming and engaging learning experience for every student - facilitating personalized learning plans, targeting career and college readiness, with the interpersonal skills for life success.

Sec. 8. On and after July 1, 2021, K.S.A. 72-1163 is hereby amended to read as follows: 72-1163. (a) Each year the board of education of a school district shall conduct an assessment of the educational needs of each attendance center in the district. Information obtained from such needs-assessment shall be used by the board when preparing the budget of the school district to ensure improvement in student academic performance. The budget of the school district shall allocate sufficient moneys in a manner reasonably calculated such that all students may achieve the goal set forth in K.S.A. 72-3218(c), and amendments thereto. The board also shall prepare a summary of the budget for the school district. The budgets and summary shall be in the form prescribed by the director pursuant to K.S.A. 79-2926, and amendments thereto.
