Our Pledge - What We Will Accomplish:

The goal of **The Viking Promise** is to meet the needs of the whole child by creating an equity centered, engaging and personalized learning experience in an emotionally and physically safe environment for each child in Selah.

Welcome Students!

Vikings,

Welcome to the 2024-25 school year! I hope you all were able to take some time to rest and rejuvenate over the summer months.

Our goal here at SHS is to create an incredible environment by learning with, leading with, leaning on, and celebrating the amazing staff, students, and families that are at the heart of what it means to be an SHS Viking!

As a school, we are committed to teaching and reinforcing skills that will help ensure that our students are successful here at Selah School and beyond. The values that will best prepare our students for success are: Purpose/Passion, Power of We, and Be the Best You.

In closing, we want all students to feel valued and welcomed at SHS. We encourage all students to get involved and to have a voice. I'm looking forward to an incredible year!

ASB (Associated Student Body) ACTIVITIES AND CLUBS

2024-2025 ASB Advisor Valerie Barnett

2024-20254 ASB President Madi Huri

Student Senate

Each advisory, club, and sport will have the opportunity to elect one senator to represent their segment of the student body at weekly Senate meetings. All groups wishing to be active clubs at Selah High School must participate in the student senate. This governing body will vote on all new student groups, clubs, and revisions to the ASB bylaw and/or constitution. School decisions, ideally, are created by three groups:

1. Student Senate
2. Site Council (Elected Teacher Leaders)
3. Administration

Academic Eligibility

Students must be academically eligible to participate in athletic contests, activities, and school-sponsored events such as field trips. If a student is not eligible, they are not permitted to participate. Eligibility for school-sponsored events is based on a current grade check. Eligibility is defined as a 2.5 GPA with 1 F or a 2.0 GPA with no F's. Teachers must also ensure that they have received any requisite medical training with the school nurse prior to the day of the field trip. Should this not occur, students with medical needs may be unable to travel with the group.

ASB Card

You will need to pay for an ASB card before you may participate in SHS athletics or activities (clubs). They can be purchased during the year at the ASB/Athletics window with Mrs. Gordy or in the fall at Registration. ASB Cards are \$30.

Creating a New Club

The ASB Advisor is in charge of keeping track of our active clubs. Students who wish to form a new club should first visit with the ASB Advisor to receive an application. Completed applications are entered into the back of a queue and, should a club lose their active status, the proposed club at the front of the queue will be made active, provided their membership and staff advisor remain interested and operate for at least one school year, and only after subsequent approval from the Student Senate. They will be added in the Spring during the budget process for the following year.

Selah School District Sound Grading and Reporting Practices ([Procedure 2420](#))

The purpose of sound assessment and reporting practices is to reflect a student's academic achievement of the K-12 standards. These practices will:

- Communicate student achievement and progress to students, parents, administrators, staff, and the community.
- Promote student involvement in their own learning to create assessment capable learners.
- Be used to guide instruction.
- Provide directions for differentiation to foster success for all students.
- Align grading and reporting practices within and across all grade levels and courses.
- Link grading and reporting practices with instructional and assessment philosophies and practices.

District Required Practices

1. Skills and behaviors that support learning, such as effort, attendance, participation, behavior, improvement, ability to meet deadlines, and attitude, will be reported separately from the achievement grade.
2. Students will have multiple opportunities to achieve standards. This includes retaking portions of assessments. Each school will develop consistent procedures that require additional learning opportunities for students prior to the retake.
3. Students will not be academically penalized for turning in work late.
4. Homework/Classwork (Formative Work) is an essential component of our teaching and learning process. Students are expected to complete assigned work and receive timely feedback from teachers. All formative work is considered practice of content and skills and is not calculated in a student's achievement grade.
5. Course grades will be earned from individually completed summative assessments. Group assignments/projects/assessments will not be included in the grade unless there is an individual component.
6. Extra credit will not be included in course grades.
7. Most recent assessment evidence will have a greater impact on the final grade.

Selah High School

Standards Based Grading Philosophy and Practices

Selah School District Sound Grading and Reporting Practices (SSD [Procedure 2420](#))

The purpose of sound assessment and reporting practices is to reflect a student’s academic achievement of the K-12 standards. These practices will:

- Communicate student achievement and progress to students, parents, administrators, staff, and the community.
- Promote student involvement in their own learning to create assessment capable learners.
- Be used to guide instruction.
- Provide directions for differentiation to foster success for all students.
- Align grading and reporting practices within and across all grade levels and courses.
- Link grading and reporting practices with instructional and assessment philosophies and practices.

Philosophy of Standards-Based Grading

- Our grading system is based around three philosophies:
- Learning improves when teachers give students meaningful evaluation during the learning process.
- Grades should only reflect what a student knows and is able to do at any given point in time.
- Learning is a continuum, and reassessment is an important part of that process.

Proficiency Scale

Teachers use assignment-specific and assessment-specific grading rubrics to determine a student's level, from 0-4, on the proficiency scale. Teachers may use a 1.5, 2.5, 3.5 scoring mark at their discretion.

Proficiency Level	0 No Evidence	1 Minimal	2 Approaching	3 Proficient	4 Mastery
Characteristics	-No attempt -Too little of evidence	-Limited -Major mistakes -Significant gaps in understanding	-Inconsistent -Success in multiple areas -Some gaps in emergent understanding -Partial demonstration of learning	-Success in each major area, minor mistakes in others -Can understand and apply -Communicates meaningful understanding	-Exemplary -Success in each area, very few mistakes -Can analyze and create -Effectively communicates and can flexibly apply
Description	Little or no work submitted to show evidence of learning.	Demonstrates significant gaps in understanding the standard(s).	Emergent understanding of the standard(s) with several gaps.	Meaningful understanding of the assessed standard (s) with minor errors	Complete understanding of the standard (s) with the ability to apply the standard with consistency

Reassessment

Students will have the opportunity to reassess on all learning that is categorized in the assessment category (90 % of the grade). Reassessment opportunities on learning that is categorized in the employability section will be at the teacher's discretion.

Prior to retaking any assessment, students will fill out a [reflection form](#) indicating the efforts they've made to improve their understanding of the standards/skills, then they will be allowed to reassess on those standards (be it a quiz, test, paper, lab, etc.) and improve their grade. The reassessment does not necessarily need to take the same form as the original assessment and should focus on areas of needed growth.

Students interested in improving their grade should communicate with their teacher to schedule a time to retake an assessment. Deadlines for retaking assessments will be established by the school's grading calendar (mid-tri and end of tri deadline). We encourage all students to take advantage of reassessment in order to improve their learning.

Reporting Practices

- Common summative assessments will be reported in the 90 percent category of a student's grade and employability skills will be reported in the 10 percent category of a student's grade.
- When any assessment is recorded in Skyward, the assessment will be titled in student/family friendly language. Within the assessment description, the standard(s) will be clearly listed.
- When an assessment is missed, the teacher will initially try to schedule for the student to complete the assessment within two school days from the student's return to class.
- Assessments will be tied to priority standard(s).
- Students who have not completed a summative assessment, no matter the circumstance, will receive a "0" so as to immediately reflect their final grade if they don't complete the assessment.

SHS Reporting Commitments

- All summative assessments **that are entered into the gradebook** will be common amongst common courses and tied to a priority standard.
- Gradebooks will be updated weekly.
- Grade checks for academic support and extracurricular activities will be pulled Thursday @ 3:00 p.m.

End of the Term Grading Determination

When determining the final grade in a class at the end of a grading term teachers will consider:

- What does the most recent assessment evidence tell you?
- Does the grade accurately reflect student skill and ability as listed in the common rubric?
- Did students have multiple opportunities to demonstrate their learning?
- Are there any extreme outliers that could be adversely affecting their "Average" grade?

Once these considerations are considered the teacher will assign the appropriate final grade.

ATTENDANCE

Attendance Secretary: Veronica Santana	(509) 698-8510	veronicasantana@selahschools.org
Health Room Assistant: Brandy Cisneros	(509) 698-8507	brandycisneros@selahschools.org

Migrant Family Services: Edgardo De La torre	(509) 698-8020	EdgardoDeLaTorre@selahschools.org

We know that students are absent from school for a wide variety of reasons, from health concerns to transportation challenges. There are many people in our buildings prepared to help you if you or your student face challenges in getting to school regularly or on time. These people include **counselors, nurses, intervention specialists, and administration**. We promise to track attendance daily, to notice when your student is missing from class, communicate with you to understand why they were absent, and to identify barriers and supports available to overcome challenges you may face in helping your student attend school.

Attendance Categories for the School Year:

Satisfactory: Students with an attendance rate ranging from **96% to 100%** are considered to have satisfactory attendance. This category reflects excellent commitment and regular participation in classes.

At Risk: Students with an attendance rate ranging from **91% to 95%** fall into the "At Risk" category. While their attendance is still fairly consistent, this group may benefit from additional support to maintain consistent attendance.

Moderate Chronic: Students in this category have 81% and 90% attendance rates. They experience a noticeable pattern of absences or tardiness, which may affect their academic progress. The school will provide appropriate interventions and support to help improve their attendance.

Severe Chronic: Students in this category have attendance rates **below 80%**. They face significant challenges in maintaining consistent attendance, which can greatly impact their academic performance. The school will implement comprehensive measures to address the underlying reasons for their chronic absenteeism and work closely with students and their families to find solutions.

Attendance is a crucial aspect of a student's educational journey, we aim to identify students who may require additional assistance and support in order to improve their attendance and ultimately enhance their educational experience. Our school is committed to working closely with students, parents, and staff to address attendance concerns and promote regular participation in all aspects of their learning journey.

What You Can Do

- Set a regular bedtime and morning routine.
- Prepare for school the night before, finishing homework and getting a good night's sleep.
- Don't let your student stay home unless they are truly sick. Keep in mind complaints of a stomach ache or headache can be a sign of anxiety and not a reason to stay home.
- Avoid appointments and extended trips when school is in session.
- Develop backup plans for getting to school if something comes up. Call on a family member, a neighbor, or another parent.
- Keep track of your student's attendance.
- Talk to your student about the importance of attendance.
- Talk to your student's teachers or counselor if you notice sudden changes in behavior. These could be tied to something going on at school.
- Encourage meaningful after school activities, including sports and clubs.

Tardies

At our school, we understand the significance of being on time to class and the role it plays in a student's overall academic success and future endeavors. We prioritize teaching and instilling habits that encourage students to arrive on time for each class and intervene when they do not. **We monitor both student attendance and tardiness on a period-by-period basis** and address tardiness in a comprehensive manner that involves the collaboration of staff, student guardians, and the school community as a whole. By being present and engaged, students can maximize their learning opportunities and develop valuable habits that will serve them beyond their time at our school.

MEAL PROGRAM

Forms for the National School Lunch Program/School Breakfast Program are available on the [district web page](#). Students can also get a hardcopy from the district office, nutrition office, or main office in their school. This form tells parents how students

can receive free or reduced price meals, and other reduced fees.

The lunchroom does not give change, leftover money will be added to the student's lunch account. Meals may be purchased in advance by paying in the cafeteria before school or during lunch. Additionally, deposits may be made to lunch accounts at the following website <https://www.myschoolbucks.com/login.asp>

Payments for more than the amount needed for a single meal can be taken before school or in the lunch line. Make checks payable to the students' school.

Selah Nutrition Unpaid Meal Policy

Students are notified of a low account balance starting at two remaining lunches at the cashier line. An automated phone message is activated at that time on all school days informing families of the low balance amount. Students in grades PK-12 who carry a negative balance will continue to receive a regular meal while parents work to pay the balance in full. Extra entrees and snacks are not allowed for purchase unless the account has money available to cover the cost.

In addition to school reminders and automated phone calls, personal calls will be made from the Nutrition Services office once the negative balance is above \$3.00. A letter will be sent to households who reach a \$20 negative balance along with a free/reduced meal application. Accounts that reach a \$40 negative balance and are not paid in full will be turned over to collections.

In some instances, teachers will have an activity that requires/allows the use of Cell Phones/Earbuds/Headphones. If students choose to use their cell phone/Earbuds/Headphones for any purpose outside of the classroom activity, the phone will be confiscated, logged, and securely held in the office until the end of the school day, at which point it can be collected by the student upon completion of their “Electronic Ticket”.

Procedures:

If a student chooses not to follow the SHS Electronic Policy, the following steps will occur:

Step 1: The teacher provides the student with a non-verbal cue card that lists next steps.

Step 2: Student turns in (Cellphone/Earbuds/Headphones) at the office and gets a Phone Ticket.

- a. To complete the Electronics Ticket, the student must revisit the teacher between classes or at the end of the day to complete the following item. If completed, the teacher will then sign the ticket.

- c. The School Safety Monitor enters Electronics Tickets into Skyward as Electronics Referral.
- d. If a student receives repeated Electronic Tickets, the school administration may require a written phone contract, meeting with parent or guardian, or other behavioral interventions as necessary.

During the first week of the school year, students will receive an initial verbal warning. After that, no initial warning will occur.

*Student Recordings:

- A student recording another student for humiliation or without them knowing is also subject to disciplinary consequences.

Harassment, Intimidation, and Bullying/Cyberbullying – Students will not participate in, conspire to participate in, or conspire for others to engage in “harassment, intimidation, and bullying/cyberbullying” (HIB) as defined in Policy 3207 and Procedure 3207P. Computer Use

All students are provided access to computer systems, email, and filtered internet for educational purposes. These resources also provide an opportunity to promote positive digital citizenship for students. Expectations for student’s behavior online are no different than face-to-face interactions. Information Technology notifies SHS administrators and families if/when a student’s online behavior is flagged.

Our Schools Protect Students from Harassment, Intimidation, and Bullying (HIB)

Schools are meant to be safe and inclusive environments where all students are protected from

Harassment, Intimidation, and Bullying (HIB), including in the classroom, on the school bus, in school sports, and during other school activities. This section defines HIB, explains what to do when you see or experience it, and our school's process for responding to it.

What is HIB?

HIB is any intentional electronic, written, verbal, or physical act of a student that:

- Physically harms another student or damages their property;
- Has the effect of greatly interfering with another student's education; or,
- Is so severe, persistent, or significant that it creates an intimidating or threatening education environment for other students.

HIB generally involves an observed or perceived power imbalance and is repeated multiple times or is highly likely to be repeated. HIB is not allowed, by law, in our schools.

How can I make a report or complaint about HIB?

Talk to any school staff member (consider starting with whoever you are most comfortable with!). You may use our district's reporting form to share concerns about HIB

[https://go.boarddocs.com/wa/selah/Board.nsf/files/CULU5K7A61BB/\\$file/3207%20F1%20Incident%20Reporting%20Form.pdf](https://go.boarddocs.com/wa/selah/Board.nsf/files/CULU5K7A61BB/$file/3207%20F1%20Incident%20Reporting%20Form.pdf) reports about HIB can be made in writing or verbally. Your report can be made anonymously, if you are uncomfortable revealing your identity, or confidentially if you prefer it not be shared with other students involved with the report. No disciplinary action will be taken against another student based **solely** on an anonymous or confidential report.

If a staff member is notified of, observes, overhears, or otherwise witnesses HIB, they must take prompt and appropriate action to stop the HIB behavior and to prevent it from happening again. Our district also has a HIB Compliance Officer Chad Quigley, Executive Director for Human Resources and District HIB Compliance Officer that supports prevention and response to HIB.

What happens after I make a report about HIB?

If you report HIB, school staff must attempt to resolve the concerns. If the concerns are resolved, then no further action may be necessary. However, if you feel that you or someone you know is the victim of unresolved, severe, or persistent HIB that requires further investigation and action, then you should request an official HIB investigation.

Also, the school must take actions to ensure that those who report HIB don't experience retaliation.

What is the investigation process?

When you report a complaint, the HIB Compliance Officer or staff member leading the investigation must notify the families of the students involved with the complaint and must make sure a prompt and thorough investigation takes place. The investigation must be completed within 5 school days, unless you agree on a different timeline. If your complaint involves circumstances that require a longer investigation, the district will notify you with the anticipated date for their response.

When the investigation is complete, the HIB Compliance Officer or the staff member leading the investigation must provide you with the outcomes of the investigation within 2 school days. This response should include:

- A summary of the results of the investigation
- A determination of whether the HIB is substantiated
- Any corrective measures or remedies needed
- Clear information about how you can appeal the decision

What are the next steps if I disagree with the outcome?

For the student designated as the "targeted student" in a complaint:

If you do not agree with the school district's decision, you may appeal the decision and include any additional information regarding the complaint to the superintendent, or the person assigned to lead the appeal, and then to the school board.

For the student designated as the “aggressor” in a complaint:

A student found to be an “aggressor” in a HIB complaint may not appeal the decision of a HIB investigation. They can, however, appeal corrective actions that result from the findings of the HIB investigation.

For more information about the HIB complaint process, including important timelines, please see the district's HIB link located at the bottom of the district's homepage or <https://www.selahschools.org/about-us/legal-notices/harassment-intimidation-or-bullying> or the district's *HIB Policy 3207 and Procedure 3207P*.

Our School Stands Against Discrimination

Discrimination can happen when someone is treated differently or unfairly because they are part of a **protected class**, including their race, color, national origin, sex, gender identity, gender expression, sexual orientation, religion, creed, disability, use of a service animal, or veteran or military status.

What is discriminatory harassment?

Discriminatory harassment can include teasing and name-calling; graphic and written statements; or other conduct that may be physically threatening, harmful, or humiliating. Discriminatory harassment happens when the conduct is based on a student's protected class and is serious enough to create a hostile environment. A **hostile environment** is created when conduct is so severe, pervasive, or persistent that it limits a student's ability to participate in, or benefit from, the school's services, activities, or opportunities.

To review the district's Nondiscrimination Policy 3210 and Procedure 3210P, visit www.selahschools.org/about-us/legal-notices/nondiscrimination-for-students-title-ix.

What is sexual harassment?

Sexual harassment is any unwelcome conduct or communication that is sexual in nature and substantially interferes with a student's educational performance or creates an intimidating or hostile environment. Sexual harassment can also occur when a student is led to believe they must submit to unwelcome sexual conduct or communication to gain something in return, such as a grade or a place on a sports team.

Examples of sexual harassment can include pressuring a person for sexual actions or favors; unwelcome touching of a sexual nature; graphic or written statements of a sexual nature; distributing sexually explicit texts, e-mails, or pictures; making sexual jokes, rumors, or suggestive remarks; and physical violence, including rape and sexual assault.

To review the district's Sexual Harassment Policy 3205 and Procedure 3205P, visit www.selahschools.org.

What should my school do about discriminatory and sexual harassment? When a school becomes aware of possible discriminatory or sexual harassment, it must investigate and stop the harassment. The school must address any effects the harassment had on the student at school, including eliminating the hostile environment, and make sure that the harassment does not happen again.

What can I do if I'm concerned about discrimination or harassment? **Talk to a Coordinator or submit a written complaint.** You may contact the following school district staff members to report your concerns, ask questions, or learn more about how to resolve your concerns.

To **submit a written complaint**, describe the conduct or incident that may be discriminatory and send it by mail, fax, email, or hand delivery to the school principal, district superintendent, or civil rights coordinator. Submit the complaint as soon as possible for a prompt investigation, and within one year of the conduct or incident.

What happens after I file a discrimination complaint?

The Civil Rights Coordinator will give you a copy of the school district's discrimination complaint procedure. The Civil Rights Coordinator must make sure a prompt and thorough investigation takes place. The investigation must be completed within 30 calendar days unless you agree to a different timeline. If your complaint involves exceptional circumstances that require a longer investigation, the Civil Rights Coordinator will notify you in writing with the anticipated date for their response.

When the investigation is complete, the school district superintendent or the staff member leading the investigation will send you a written response. This response will include:

- A summary of the results of the investigation
- A determination of whether the school district failed to comply with civil rights laws •
- Any corrective measures or remedies needed
- Notice about how you can appeal the decision

What are the next steps if I disagree with the outcome?

If you do not agree with the outcome of your complaint, you may appeal the decision to the School Board and then to the Office of Superintendent of Public Instruction (OSPI). More information about this process, including important timelines, is included in the district's Nondiscrimination Procedure 3210P and Sexual Harassment Procedure 3205P.

I already submitted an HIB complaint – what will my school do?

Harassment, intimidation, or bullying (HIB) can also be discrimination if it's related to a protected class. If you give your school a written report of HIB that involves discrimination or sexual harassment, your school will notify the Civil Rights Coordinator. The school district will investigate the complaint using both the Nondiscrimination Procedure 3210P and the HIB Procedure 3207P to **fully resolve your complaint**.

Who else can help with HIB or Discrimination Concerns?

Office of Superintendent of Public Instruction (OSPI)

All reports must start locally at the school or district level. However, OSPI can assist students, families, communities, and school staff with questions about state law, the HIB complaint process, and the discrimination and sexual harassment complaint processes.
