# FOREWORD

Our high school years are stages of growth and transition. The direction and form in which the student grows depends greatly upon his academic environment.

Here at Corpus Christi Academy many factors combine to develop us into mature, responsible adults: the interest shown by the student in his school's sports and in his fellow students, the earnest working toward his goal, the most important of all, the spiritual, mental, and physical development, fostered by the Benedictines, who are dedicated to our education and spiritual welfare.

With this background of knowledge and our experiences gained during our high school years, we are ready to put our talents, abilities, and determination to work in our adult life.

## Dedication

Through these many years, as faculty members succeeded one another, there were certain characteristics common to all; total devotion to their work; the giving of their talents and time to their teenage charges; and a love for the work of the classroom.

While the material blessings were not always evident, the spiritual blessings accruing to their students could never be adequately repaid.

In appreciation of their generous giving of time, energy, and wisdom, the Yearbook Staff proudly dedicates the

1967 LA PALOMA

to the Benedictine Fathers.

**Congratulations  
Seniors . . .**

Now it's time to plan for the future. And whether your plans are settled, or not, remember this: your own South Texas is a land of promise.

Today, there are many opportunities for trained and ambitious young men and women. New industries are moving into South Texas . . . established industries are growing. Accept the challenge - move forward with South Texas.

Central Power and Light Company is proud of the hundreds of graduates of South Texas high schools and colleges who are on our electric service team . . . working and building for a greater South Texas.
