

Feb 21, 2024 | 📅 SHAC 1:00pm

[Audio Recording](#)

Notes

- Introductions
- Norms
- Food Allergy Management Plan
 - ❖ Updated Board Policy - going to Board tonight
 - ❖ A review of FAMP will be completed each Fall semester
 - ❖ Added a FAN representative team at each campus
 - ❖ Elementary classrooms that have students with food allergies will eat lunch in the cafeteria during early release days to avoid cross contamination, teacher will stay in the cafe with students
 - ❖ Parents can opt out of food allergy options
 - ❖ Students with food allergies are referred for a 504 with food allergies, can opt out.
 - ❖ Question - how are students with food allergies protected during field trips?....covered in Board Policy. Teachers receive extra training, especially for overnight trips.
 - ❖ Suzi Menfi - afterschool enrichment and extended care follow the same training and protocols.
- Puberty Curriculum
 - ❖ Updated videos (linked in slideshow)
 - ❖ Jodie Dover's email to SHAC - current curriculum, new video links, other district curriculum, other video options
 - ❖ Videos from Becca - general consensus from members = good videos, factually based.
 - ❖ Concern - 4th grade new curriculum is more advanced than current curriculum.
 - ❖ Concern - when video states that you don't have to talk to your parents, but a trusted adult.
 - ❖ Statement from committee member - listen to data to inform us on what recommendations we provide in regards to curriculum.
 - ❖ Statement - some children are held back, making them older for their grade level which means this is very important for those children
 - ❖ Statement - also look at data of sexual abuse, misconduct
 - ❖ Jennifer states she will reorganize Jodie Dover's email to give everyone a chance to watch the videos suggested and read more
 - ❖ Proctor and Gamble videos are on YouTube - concerned about ads during videos. Can we see if same videos on YouTube EDU? Can we obtain videos straight from Proctor & Gamble?
 - ❖ Create a Google Form for Committee members to rate video options.
 - ❖ Campuses - male teach to male students, females teach to female students

- ❖ Look at Eanes ISD
- ❖ Possibly create videos with our own Health Science CTE Students?
- ❖ Will revisit at next meeting. Jennifer will present a 1 min snippet of each video for a refresh.
- ❖ Note: changes to puberty curriculum does not need to go before the Board, only sexual health curriculum changes go before the Board.

Adjourned into Subcommittees at 1:44pm

- 1) Digital Media/Technology Use
- 2) Bully Prevention

Next Meeting: March 27, 2024 at 1:00pm
