**4. Describe the action steps the school/district will take to reduce the opportunity gap in student possession of ASB cards and/or participation in extracurricular activities for the upcoming school year.**

We will continue to work with our Student Leadership and ASB to increase communication and marketing extra-curricular participation.

For the 24-25 school year we will survey all students on their barriers for extracurriculars and strategizing steps to overcome these to increase participation for the 24-25 school year.

We will utilize our levy funds to help assist students with fees to increase participation by all students.

We will work with our bus company to create more bus stops so kids may have easier access to the school/getting home.

We will ask all Coaches and Advisors to participate in the Activity Fair for the 8th Graders.

We will encourage clubs and athletics to promote their clubs.
