Pursuant to Education Code Section 41402, school districts have to adhere to Administrator to Teacher Ratios. For Fremont Union High School District, this is 7 Certificated Administrators per 100 Certificated Staff. For the 2023-24 school year, we have calculated an excess of 3 Administrators. When the ratio is exceeded, Education Code Section 33050 allows the school district to apply for a waiver to exempt the district from the ratio and penalty for exceeding it. The Governing Board of the Fremont Union High School District shall hold a public hearing to seek input from the public on the waiver proposed for the 2023-24 school year.

The meeting of the Governing Board will be held in person for the Board members with the option for the public to attend electronically. The Zoom link is: <https://fuhsd-org.zoom.us/j/96036721878>. The meeting convenes in the Board Room at Fremont Union High School District Office, 589 West Fremont Avenue, Sunnyvale, CA. The public hearing will be held no earlier than 6:15 PM.

At this time, the public may comment on the waiver proposal regarding the Administrator to Teacher Ratio.
