Dear Saint Thomas' Community,

We continue to make progress in the search for our new Headmaster.

The Search Committee, in collaboration with our consultants at ST Search, has crafted a [Position Profile](#) that captures the essence of St. Thomas' Episcopal School and our unique community. This Profile outlines the ambitions and responsibilities awaiting our next inspirational leader. Our team designed the profile to focus on position fit, ensuring our school and community a bright future.

With this critical phase of the search complete, we now move into sourcing and assessing candidates. Though every search is unique, and these dates could change, we are working with the following timeline moving forward:

Spring: Advertise the position and build a candidate pool

Summer: Search committee interviews semi-finalist candidates

September: Finalist candidates visit campus

Early October: Search committee proposes leading candidate to the School Board

Late October: Board announces new Headmaster to the school community

July 1, 2025: New Headmaster officially takes over operations

While ST Search will use its extensive networks to build a candidate pool, we welcome nominations from our school community. If you know someone you believe would serve our school well based on the Position Profile, please get in touch with the search committee at steheadsearch@stes.org so our consultants can follow up.

Thank you to everybody who participated in getting us to this point!

We will continue to update you as the search progresses.

Sincerely,

The Headmaster Search Committee
