SHAC Purpose and Mission-

A local school health advisory council has been established to assist the District in ensuring that local community values and health issues are reflected in the District's health education instruction. A majority of members must be parents of students enrolled in the District and who are not employed of the district. One or more public school teachers, public school administrators, district students, health-care professionals, members of the business community, law enforcement representatives, senior citizens, clergy, representatives of nonprofit health organizations, or representatives of another group may serve. (See EHAA legal) This committee meets four times annually.
