

Hi Hedgehogs!

A message from your school nurse Mrs. Pags:

****If anyone has any clothing in good condition and are willing to donate to the health room, that would be greatly appreciated. We are running low on clothing. If you would like to donate any new underwear or socks please make sure they are in the package. Thank you so much!***

Spring means flower buds and blooming trees, and also seasonal allergies for some. This time of year, is sometimes difficult and uncomfortable for students who have allergies.

Please be aware that the Health Room does not have allergy medicine. If your child suffers from seasonal allergies and requires allergy medication during the school day, please be certain to administer their medication prior to coming to school.

If your child would require medication to be given at school please contact me so I can give you the appropriate information and paperwork, which would need to be completed by both the physician and the parent, in order to administer at school.

Let's continue to work together to keep your kiddos safe and healthy during the remainder of school year

- Continue to send a water bottle in with your student.
- Remind your children that that if they carry a smart device (phone, tablet, watch) they should not be using it during the school day, especially to call and say they need to be picked up due to an illness. If a student is ill during school, they will be sent to the health room. If the student needs to be sent home due to an illness the nurse will contact the parent or guardian.

Please feel free to reach out to the health room for any questions/concerns 😊

Happy Spring!!

Alyssa Pagliaro RN, BSN, CSN
