## Issues associated with providing services to suspended students

- On average districts have 3 students suspended at any one time
- Tutors are difficult to find and cost approx. \$450 per day for each student
- Difficult to get attendance – contributes to chronic absenteeism
- NYS law requires 15 hours of instruction per week for secondary students
- Similar issues with homebound students

# Distance Learning-Suspension Alternatives

iTutor/Fullmind is offering a cost effective solution with the creation of a cohort of 5 districts in one class

- 1 NYS Certified teacher works with 15 students – 3 students from each of the 5 districts
- Students will be assigned to an individual breakout room in a virtual classroom, teacher moves from room to room to support students.
- The room can be set up to run 3 consecutive hours, or split into two 1.5 hour blocks during the school day.
- Attendance provided each day through the LMS
- Bilingual teachers available upon request
- Each district's daily cost is approx. 25% of the cost of tutoring a single student

# Distance Learning-Suspension Alternatives

- Supports students who have been suspended anywhere from 1-10 school days or for students out on short-term medical, up to 20 days.
- Having the same educator daily ensures consistency and rapport-building
- Dedicated time slot during your school day
- Students will complete work supplied by their classroom teachers.
- Social and Emotional Learning component.
- LMS is integrated with both Clever and ClassLink
  - Track attendance data as well as
  - Formative assessment - mandatory exit ticket at the end of each session

# Suspension Alternatives

A safe and effective method for children facing suspension. Fullmind's state certified instructors ensure the completion of schoolwork with a focus on behavioral and emotional support designed to increase students' chances of academic success.

- ✓ **Delivery Models:** 1:1, 1: Few, 1: Many
- ✓ **Instructor:** Certified
- ✓ **Availability:** Anytime of day
- ✓ **Enrollment:** Students enrolled the next day

## How it Works

District will establish a schedule for the allotted 3-hour block

Students once enrolled can connect from any location

Attendance and session reports are provided to the district

## iTutor/Fullmind

- Need 5 districts to participate in a “pilot”
- Many districts already have a contract in place
- BOCES Aid Eligible
- Ed Law 2d Compliant
