

YORKVILLE

District 115

Community Unit School District

STRATEGIC PLAN

WE are Yorkville: A strong community of dedicated students, talented employees, passionate residents and supportive business partners who, through education, work together to enrich society.

Our approximately 6,000 students served by Yorkville Community Unit School District 115 are housed within six elementary schools, an intermediate school, a middle school, and a high school that are located approximately 50 miles southwest of Chicago. Although no longer considered a small-town, Yorkville 115 prides itself on maintaining its close-knit community feel while providing students with opportunities to graduate well-prepared to further their education or secure employment after high school.

In 2016, District 115 engaged stakeholders from the classroom to the community in a process to identify strengths within the district, and opportunities for growth in the coming years. The result was a Strategic Plan that established a set of priorities based on our unfaltering community values that would serve to improve learning in our community.

GUIDING PRINCIPLES Our Beliefs

We Believe:

- Students must actively participate in their own learning
- In a culture of high expectations and continuous improvement
- The learning/school community must take shared responsibility for student learning
- Goals are accomplished when thoroughly planned, implemented, and supported
- In effective communication and collaboration among students, their families, and staff
- A technology-rich environment supports high-levels of student learning
- Fiscal responsibility is required to ensure the community the best possible return on its investment
