### ***Kindergarten Camp: Course Description***

**Location:** Eagle Bluff, Irving Pertzsch, and Northern Hills

**Time:** 8:20-11:35 a.m.

This course combines the 4K curriculum with an introduction to our Kindergarten curriculum. Your child will spend the morning at the neighborhood school they will be attending in the fall. They will have experiences in Music & Movement, Art, Literacy, and Math, all while meeting new friends. A morning snack will be provided through the Onalaska School Nutrition Department as Sponsor for the USDA Summer Meals Program. This course is designed for incoming Kindergartners.

### ***Grades 7 & 8 Project-Based Academics: Course Description***

**Location:** Northern Hills Elementary

**Time:** 8:20-11:35 a.m.

We are excited to offer a new academic course for our students entering grades 7 and 8. This academic course will provide hands-on learning experiences that are focused on real-world applications. For this summer’s opportunity, students will be focused on Zoos! They will engage in a variety of activities involving researching animals, designing spaces, cost analysis, feeding, and much more! We will end the course with an exciting all day culminating experience for all students!

## **GRADE 1 ONLY - COURSE ROTATIONS**

Create it with Legos
Creative Recycled Crafts
Fun in the Sun
Games with Friends
Storybook STEAM (Science Experiments)
Summer Adventures

### ***Enrichment Course Descriptions For Students Entering Grade 1***

- All students entering grade 1 will receive one week of each of the classes listed below.
- Rotation schedule will be created by the Summer School Coordinator and emailed to families before the July Summer School Session.

#### ***Create-It with LEGOs***

Come explore the world of LEGO! Look at the history of LEGOs and build many different things. We will read LEGO books, color LEGO sheets, write about LEGO creations, daily LEGO challenges, and of course make your own wonderful and imaginative creations

#### ***Creative Recycled Crafts***

Reduce, reuse, recycle! This course will teach children about the importance of the 3 R's in a creative and hands-on way. Students will learn how to reuse household items such as cereal boxes, bottle or milk caps, an old shoe box, and an empty milk carton to create new and exciting crafts.

#### ***Fun in the Sun***

This class will keep students outside and active this summer. Participants will learn some camping games, outdoor sports, and how to fly a kite! Activities will be modified for indoor play if the weather doesn't cooperate.

#### ***Games with Friends***

Students will learn strategic and social skills as we play games such as Monopoly Junior, Sequence, and more! Experience an afternoon of fun with friends and master some games you'll be able to play at home with your family!

#### ***Storybook STEAM***

Boom Chicka Boom, can you build a tree that holds the whole alphabet? There's nothing better than a good science experiment...except when you add it to your favorite book! Come explore the world of STEAM (science, technology, engineering, art and math) by building and creating straight out of your very favorite picture book! Will the big bad wolf be able to blow your house down? Or will you find the perfect design to hold up to his horrible bad breath! Come fall in love with the world of science as told by your favorite book characters.

#### ***Summer Adventures***

Experience an adventure every day! Students will explore a different informational theme each day through Art, PE, Music and Literature.

# **July Enrichment Courses For Students Entering Grades 2**

*Classes held at Irving Pertzsch Elementary*

### ***Color Guard (grades 7 & 8 only)***

Participants of the 7th and 8th Grade Summer Enrichment color guard class will enjoy learning both basic dance techniques as well as flag work used in the color guard activity. Color Guard is an evolving sport of the arts that provides performance opportunities for all. This activity teaches artistry and precision. Throughout the class, participants will learn how to interpret different styles of music through the movement of their bodies and equipment. Students are provided a space where they can express individuality through themed performances, teaching teamwork, and building confidence, and self-esteem. There will be an end-of-the-session performance to showcase the participants' hard work. Color guard is offered as part of the band program at the high school, but this is a great opportunity for students to “try it” in middle school. All equipment is provided. Previous experience is not required.

### ***Cooking 101***

In this class you will learn to make creative and delicious projects ranging from snacks to simple meals. A great introduction to the basics of cooking.

### ***Drama***

In this class students will experience the start to finish process of planning, rehearsing, and performing a play for their audience.

## ***Games Galore & Legos***

Students will learn strategic and social skills as we play games such as Monopoly, Uno, Children's Apples to Apples, Connect 4, Scrabble, Battleship, and more. There will be additional hands-on activities such as legos. Experience an afternoon of fun with friends and master some games you'll be able to play at home with your family!

## ***Speed and Strength***

Fundamentals of speed and strength training for a foundation of athletic performance. We will teach you how to safely use equipment, and help you plan and carry out various fitness plans that you can tailor to your individual needs!

## ***Volleyball***

This class is for anyone who wants to learn the rules and skills of volleyball. We will be playing lots of games and other fun activities. Students are required to wear sneakers to class.

## ***Wonderful World of Books***

Take a train to Hogwarts School of Witchcraft and Wizardry, learn spells, make potions, and join a house! Follow Percy Jackson on his quest to catch the thief who stole Zeus' Master Bolt. Fly to the future of Los Angeles where political prodigy, June, and the most wanted criminal, Day, cross paths in the Legend Series. Jump into the world of these books and many more!
