1. Remove all electronic devices.

If you have an electronic device

- at your desk,
- in your pocket,
- or anywhere you can reach it during testing or while on a break,

your test will not be scored.

Electronic Devices Include:

Electronic Devices

Your teacher may collect electronic devices

or instruct you to put them away (in a locker or backpack away from your desk).

If you aren't sure if something is an electronic device, please ask your teacher before the test.

2. Do your own work.

If you are caught

- looking at another student's answers,
 - allowing another student to look at your answers,
- discussing test content,
- or using any kind of unauthorized aid during the test,

your test will not be scored.

3. Don't be disruptive.

It is very important for you to

- remain quiet,
- respect other students,
- and pay attention to and follow the instructions.

If you are disruptive during a test, you may be dismissed from the room, and your test may not be scored.

4. Don't leave school during a test.

If you leave the school's campus for

- lunch,
- an appointment,

before you complete a test session,

you will not be allowed to finish taking the test when you return.

Taking the Test

During the test, you may not...

Look at another student's screen or test materials. Allow another student to look at your screen or test materials. Give help to another student in answering test questions.

During the test, you may not...

Have notes or use other materials not provided by the test administrator. Have electronic devices in your possession at any time, including breaks, even if you do not use them.

During the test, you may not...

Testing Rules Acknowledgement

On the day of the test, your test administrator will read the testing rules (that were just covered in this presentation) aloud and ask you to read the **Testing Rules Acknowledgment**.

You will be asked to select a box next to the Testing Rules Acknowledgment to show that you understand the rules.

Testing Rules Acknowledgment

Remember:

- You may not have a cell phone during testing.
- Do not talk to other students or make any disturbance.
- Do not look at another student's test materials.
- Do not ask for or provide help in answering any test questions.
- Use only approved materials for taking notes.
- Do not have access to or use any electronic or recording devices at any time during this session, including during breaks.

I understand these testing rules. If I do not follow these rules, my test

score may be invalidated.

Remember...

You may not ask for help in answering any test questions or planning your responses. Your teacher or test administrator is not allowed to discuss the test or help you answer test questions.

Try to answer every question or respond completely.

Remember...

Once you finish and submit your test, you cannot go back into the test.

Be sure to read and revise your response or check your answers and answer every question **before completing your test**.

Remember...

During breaks and after testing, it's important that you don't talk about the specific test questions, responses, or passages with friends, classmates, teachers, or other students.

Last But Not Least...

Taking the Test

Let's

talk

about how you will login to a computerbased test

and use the general tools available in all CBT assessments.
