Maintenance Update

- We are almost completed with our mower maintenance
- We were able to drag the high school parking lot over spring break
- We fertilized and sprayed all of the grass areas at the schools
- Over the years it has been common practice to spray roundup on the yard lines on the football field. I had Parker Myers install sod on the Middle School football field to help fill the lines back in.
- All Valley fire performed their yearly inspection of the fire systems at Carberry, Shadow Butte, and EHS.
- Stated mowing the schools.
- Scott Snow cleaned up the back lot area of Butte View.
- Marrow Electric installed a new panel and wire at Emmett Middle School for the new sheds that were installed. Waiting for Idaho Power to hook up the service.
- Bleacher project at the EHS football field is completed. I am meeting with Wright Brothers so we can determine where we will install sidewalks for ADA access to the bleachers.
- Atlas pest control sprayed Sweet School due to a paper wasp issue inside the gym.

Upcoming Projects

- Weight dome at EHS is in the works
- We received a few interested companies that would like to bid the football field project.
- Met with Wright Brothers to tie the existing sidewalk from the football bleachers to the restrooms and track apron.
- Received bids for the Shadow Butte roof project and awarded the project to the lowest bidder.
- Looking at restrip and resale of asphalt around the district.
-
