

Emmett High School

Board Report

March 2024

Emmett Public School Foundation

I want to thank Sue Beitia and the Emmett Public School Foundation for their continued support of the students and teachers in the Emmett School District. Recently, the foundation awarded Mr. Greg Daniels \$257.00 so he could purchase multimeters and the Electric Learning Lab. Thank you again.

The United States Air Force and the Professional Bull Riders Association

With the help of the Air Force and the PBR, Emmett High School students were treated to a visit from a PBR bull rider and one of the top 10 PBR bulls in the world. Conner Halverson, who is ranked as the 30th best bull rider in the world, signed autographs, answered questions, and took pictures with our students. This was a great opportunity and experience for our students and we thank the United States Air Force for making this happen. We also thank the PBR.

Bleacher Project

The bleachers are finished. I want to thank Mr. Wood, Mr. Hyde, and the board of trustees for approving this project. I also want to thank our private donor, who contributed \$100,000.00 towards this project.

SAT Test

As reported in my February board report, the SAT test took place on March 26th. Due to the fact that we did not require all juniors to take the SAT, we ended up testing approximately 60% of our juniors. This equates to approximately 100 students. Mrs. Korell, who is in charge of SAT testing, did an amazing job. I am also very appreciative of our tech department. They were on site for the entire testing session to help with our technology needs and problems. Thank you to everyone.

We don't know how our students performed just yet, but once I find out, I will update you.

Registration and Scheduling

Our registration window opened on April 1. Once we have all students registered, we will begin to look at our class sizes and our instructional needs. This, in turn, will guide us in building our master schedule. If you have any questions about this process, please feel free to give me a call at any time.
