Administrator Board Reports

Technology Update 04/10/24

Jeffrey Ryan - Director of Information Technology

IT Performance

- Network (March 2024)
  - Uptime at 99.985% - 708,366 polls with 108 lost (based on 100 monitored critical devices monitored 24/7). Up slightly from last month.
  - Average LAN latency (speed) at .536 milliseconds. Slightly up from last month. Internet latency continues to be very good with no major issues encountered over the past month.
  - Average daily use (school hours only) of the Internet at 847.71GB. Down 4.06% from last month and up 20.11% from last March.
  - Wireless - 3690 unique clients with an average of 1643 clients per day (clients averaging 4.74GB of usage).
- Website (March 2024)
  - 55,369 views (325,000+ since launch in August 2023) and 8,122 total users - Up a bit from last month and holding steady for the year (anything over 10,000 per month for a small school is good).
  - 35.12% bounce rate (rate at which people immediately leave upon entering the site - anything under 40% is good).
  - 3 minute 16 second average session duration (2-4 minutes is considered very good).
  - 40.5% of traffic this month is cell phones and the top source is Google search (3,902 search clicks).
  - Most popular pages and search terms this month are athletics, lunch, and employment.
  - Translations - To date we've had 9,347 words on our site translated to Spanish and 4,471 to Chinese (We offer 5 languages).
- Printing (March 2024)
  - 165,185 pages printed (does not include copying) - Down slightly from last month.
- Help desk calls (March 2024)
  - 181 calls entered in last 30 days. 191 documented calls completed in last 30 days (1.52 days average completion time - this includes weekends and holidays in the calculations).

IT Ongoing Projects...

- Google shared drive reconfiguration
  - Moving from traditional on-premises data storage to the cloud. Drives are being created and utilized. This project will continue throughout the school year and into the future.
- Website
  - Online payments in full swing (22 submissions processed from a variety of types).
- Chromebook Plus testing
  - Final classroom test has been completed with consistent results. All of the teachers we tested this unit with have found it to be a great product that, even with a price point, still provides them with the tools they need. 120 units are in the process of being ordered for this year's teacher units.
- piSignage digital signage
  - Tests have been overwhelmingly successful and the versatility of this solution is impressive. We are excited to see what this looks like across the district. Moving forward with a district-wide deployment of this low cost solution.
- Cafeteria POS upgrade
  - New units tested and will be deployed in the next few weeks.
- High School Graduation
  - Working on making this year's High School Graduation live stream better than ever. We will be featuring multiple camera angles so relatives that can not make it will get a better experience. Plus the students and their parents will have the memory recorded so they can look back in the future.
