WE CAN HELP

Do you know an adolescent whose drug and/or alcohol abuse is affecting them at school, work, with family or within the legal system?

The Adolescent Substance Abuse Program provides treatment and support for adolescents and their families struggling with substance abuse and dependency.

Call us today
for a referral.

ADOLESCENT SUBSTANCE ABUSE PROGRAM (ASAP)

ASAP TREATMENT SERVICES

- Drug and Alcohol Assessments
- Urine Drug Screens
- Collaboration with other professionals
 - Judicial systems
 - Human services
 - Educational systems
 - Psychiatrists

- Treatment Groups
 - Multi-Family Group
 - Peer Group
 - Periodic Psycho-educational groups
- Family Therapy
- Individual Therapy

ASAP has 3 levels of care:

- 1 Education/Prevention
- 2 Outpatient: 1-2 times per week, ongoing
- 3 Intensive Outpatient (IOP): 3-4 days per week, ongoing

ASAP utilizes a family-systems approach to treatment. While adolescents are held accountable for sobriety, parents get help and support with building parenting skills by setting clear limits, expectations and personal boundaries.
