The Four Year Plan is intended to give you and your parent(s) a guide to use as you progress through high school. You will want to review the plan each year to make sure you are taking the required courses for graduation. Your counselor will have sample <u>Career Programs of Study</u> for each of the Endorsements that are listed on this page and a credit acquisition form. You may use these as guides to help you select courses that support your career goal. Make sure you are taking the academic courses that support your post-secondary plans.
